

## Tri-State highway seeks a sponsor

The Tri-State highway is in the same predicament as a stray cat that nobody wants. Residents of Stonegate have become alarmed over the seemingly apathy of the rest of Arlington Heights over the "gray kitten" that may be forced upon them by the state highway department. A delegation appearing before the Arlington Heights village board for a second time on Monday night brought the information that the state highway department is sympathetic to their appeal that the highway route be changed. The department, however, is asking the Stonegate people to present an alternate route.

The delegation has gathered the opinion that "Mt. Prospect has enough road 'kittens' of its own and say to Arlington 'you keep it.'" Members of the village board took no official action Monday evening but were even more sympathetic than the state highway engineer because there were a total of seven fellow members of the village board feeling sorry.

Stonegate wants something more than sympathy.

### Scarsdale Lights

It is costing money to get the ornamental street lights in Scarsdale in proper working order. The board approved a bill of the Monroe Electric Co. for \$744 for repairs to date and authorized an expenditure of an additional \$300 to complete the job. The ornamental lights have been in place fifteen years and "ground" trouble is developing.

### New Flags

Patriotism also costs money. A new American flag when flown daily from the flag pole will only last sixty days. The Buildings and Grounds committee was authorized to hereafter purchase them in half dozen lots.

### Street damaged

The weather of last winter is blamed for the upheaval of pavement on north Vail street that has interfered with the sewer. It is estimated that \$900 will be needed to make the repairs. The board took no action Monday night.

Floyd Bolte, contractor, has equipment in place and is building a storm water sewer on South Highland that is expected to relieve the flooded basement hazard during certain times of the year. Payment for the work will be from gas tax funds.

The police department has been asked to prevent commuter parking adjacent to the farm bureau building. Many farmers who come to the farm agency find no place to park their cars. The police will investigate and report at the next meeting of the board.

A group of street maintenance employees presented a "sugar coated" suggestion that a raise in salaries in view of present living costs would not be refused by them. Monday night was the last meeting of the fiscal year.

## Good neighbor letter contest opens here

Do you have a neighbor who does something special for other people, something more than bringing you a pie of cake now and then and giving you a warm smile to kill an occasional gloom?

We know a woman in this town who has made her home a place where little children can come and learn to live together before they are old enough to go to school. And they are given much more than a bit of guidance; they are given love and hours of unselfish thought. And in the summer children gather around, all ages, to hear her stories. She's a good good neighbor.

We know another one who hardly ever skips taking a flower or two and an hour's cheery talk to sick friends, who served as a nurse in the last war and is giving much time and thought toward the finishing of a tragedy caused by this one. She's a good good neighbor and not just to the family next door.

There's a man in Arlington Heights who gives of himself to children whose own fathers are away and helps them where a man's help is needed.

This town is full of good, good neighbors. All of us know at least one. Take a few minutes sometime before May 20 and write a letter about your good neighbor. Listen to "Breakfast at Sardis" at 10 a. m. over WLS and get some tips on how it's done. Send your letter to Mrs. Ken Milstead at 108 E. Euclid, Arlington Heights.

Your neighbor will be sent flowers if your letter is judged best. The winning letter will be read at Arlington Heights' "Breakfast at Sardis" May 26 at the Methodist Meeting House.

Your neighbor will be sent flowers if your winning letter is read at the Arlington Heights' "Breakfast at Sardis" on May 26 at the Methodist Meeting House.

The money is divided—papa does not get it all. The first prize is \$10 to the father of the largest family present; \$10 to his wife and \$3 to each of the children. All men cannot have big families, so there are two more prizes offered—\$5 to dad, \$5 to mother and \$2 to each child. Holding out hopes to the families of only a handful of children here is a third prize of \$3 to dad, \$3 to mother and \$1 to each child.

These are not all of the prizes to be given away that evening. There are special prizes for men and girls in service; also merchandise prizes for prize waltz, oldest couple and to top it off the newest honeymoon couple. The committee says that they will even provide the minister (or judge) if some couple wants to get married that evening on the dance floor.

## Lions club to add 41 names to honor roll

Forty-one names will be added the coming week to the Arlington Heights Honor Roll announced Francis K. Wilton, of the Lions Club who is in charge of that work. The additional names were obtained by him from the local selective service board.

There are two Waacs, two Waves and a Spar included in the list. Mr. Wilton is making another appeal for the names of men and women who are not listed on the board which should include all those with an Arlington Heights mailing address. "It is just as important to have the names of the women folks who are serving as nurses in the army and navy as well as the WAACS, WAVES, Marines, and SPARS," says Mr. Wilton.

The new names will be posted next week. Names not appearing thereon by April 29 should be sent to Mr. Wilton, P. O. Box No. 157.

## Mrs. O. M. Baldwin new president of Woman's club

Mrs. O. M. Baldwin was elected president of Arlington Heights Woman's Club Wednesday afternoon, which met at the field house. The balance of the annual reports, read by the various chairmen, showed an active and successful year. A very fine book review was given by Mrs. Gene Markie of Jefferson Park on the book, "Thunderhead." Three new officers elected for the ensuing year were:

President, Mr. O. M. Baldwin, 1st Vice President, Mrs. Daniel Crumlish, 2nd Vice President, Mrs. A. E. Goldthwaite, Recording Secretary, Mrs. O. G. Osborn.

Correspondent Secretary, Mrs. M. F. Maher, Treasurer, Mrs. Elmer Crane, Directors, Mrs. H. F. Barber, Mrs. C. H. Ewert, Mrs. E. H. Haisler, Mrs. R. S. Freeman, Mrs. C. H. Scherf.

Mrs. F. E. Briggs, the retiring president was presented with a gift.

## Public interested in payment of back specials

There are a lot of property owners who are taking Treasurer Wm. F. Meyer, Jr., at his word that he will be glad to give definite figures for the cost of clearing any lot of its delinquent special assessments. There are so many owners who are requesting the service that the treasurer must take them in the order of their presentation.

"It is a good omen when there are so many who are thinking about the payment of their past due taxes," says Mr. Meyer. "They evidently realize that if they are ever going to reclaim their property now is the time to do it."

It is the big sewer assessment that will receive the most credits. Payments on the older assessments are much less.

## Palatine police offer cash for three largest families

A friend of the Palatine police department has "come across" with some real money that is going to be given away to the three largest families who attend the benefit dance which will be held in the Palatine High School gymnasium Saturday, April 29.

The money is divided—papa does not get it all. The first prize is \$10 to the father of the largest family present; \$10 to his wife and \$3 to each of the children. All men cannot have big families, so there are two more prizes offered—\$5 to dad, \$5 to mother and \$2 to each child. Holding out hopes to the families of only a handful of children here is a third prize of \$3 to dad, \$3 to mother and \$1 to each child.

These are not all of the prizes to be given away that evening. There are special prizes for men and girls in service; also merchandise prizes for prize waltz, oldest couple and to top it off the newest honeymoon couple. The committee says that they will even provide the minister (or judge) if some couple wants to get married that evening on the dance floor.

The net returns of the dance will go for a two-way radio for the police car, an accessory that all neighboring towns now possess, except Palatine.

Save Sunday afternoon, May 7th, for Marionette Show, "Beauty and the Beast," North School Auditorium, 2:30. Admission 30c Sponsored by the Arlington Heights Junior Woman's Club.

## Restrictions are placed on coal fill-ups

Coal is not being placed directly upon the rationing list but Uncle Sam has accomplished practically the same thing by a war regulation of the Solid Fuels Administration effective April 1st. It provides the basic governmental control over the distribution by retail dealers to consumers of bituminous coal.

Unless the consumer is using Illinois coal, exclusively, no dealer can deliver and no consumer can accept more than 75 per cent of his yearly needs. The remaining 25 per cent must be Illinois coal. The order covers eight pages and says in part:

"It is anticipated that retail dealers generally will receive from their sources of supply considerably less of the scarcer kinds of solid fuel than consumers in the aggregate would like to purchase. No dealer should undertake to deliver, in the aggregate, to the consumers he serves a tonnage of the scarcer kinds of solid fuels which exceeds the tonnage of such fuels he reasonably expects to receive in view of applicable regulations and such advice as he may receive from his sources of supply."

For the 12-month period, April 1, 1944, to March 31, 1945, no consumer can receive, including amount of coal on hand April 1, 1944, a coal tonnage greater than his annual requirements. This means there can be no hoarding of coal.

The solid fuel administration also says, "if retail dealers and consumers cooperate with one another and SEAW in the early delivery of the alternative and less scarce solid fuels and if the utmost conservation is practiced by consumers, it is estimated that there will be sufficient usable coal of one kind or another for everyone. The responsibility of the dealers under this regulation is to spread their available supply equitably among all consumers; the responsibility of consumers under this regulation is to refrain from duplicating or inflating their orders for coal and to conserve their fuel supply; it is the responsibility of both the retail dealers and the consumers to obey all the provisions of this regulation."

## Palatine water under suspicion

A routine test of the Palatine water supply made recently by the state shows the presence of sewage bacteria in the water. The tests showed clear at the pumping station but at two points on the distribution system sewage pollution appeared.

The Village a couple of years ago complied with several suggestions by the state as to changes in connections at the pumping station to avoid a possible pollution and steps are now being taken to flush the mains, clean the standpipe and take every measure to clear up the situation.

An investigation is expected to be made this week by the Cook County health department in an effort to discover the source of the pollution.

## Red Cross fund drive nears goal

Last week's contributions to the Red Cross War Fund have encouraged leaders here to feel that Arlington Heights will achieve its \$6,000 goal. But if you have neglected to send your money in or have decided to add to your donation, it will still be most welcome. Call your own Red Cross worker or Mrs. George Hieber at Arlington Heights 1516R.

You will be supporting an organization which is helping, through blood plasma alone in giving the wounded twice as good a chance to live as they had in World War I.

## Junior class invites public to Harlem hop

Saturday night, April 22nd, the Junior class of Arlington High is giving another dance which they hope will be as successful as their last. It will be on the "darkie theme," is called the "Harlem Hop." Trim waitresses and waiters will help you have a merry time. The music will be furnished by Harry Swanson; good solid live and slow numbers. The price is 70 cents per couple and 40 cents stag. We hope to see "YOU" there, so please don't disappoint us.

## Puffer orders an election in Dist. 24

Noble J. Puffer, county superintendent of schools, has ordered District 24 to hold an election for the selection of a member of the school board. The unwillingness of Martin Hahnfeldt to retain the office and with no other candidate the regular election went by default. An election will be called as soon as a candidate is "discovered."

Save Sunday afternoon, May 7th, for Marionette Show, "Beauty and the Beast," North School Auditorium, 2:30. Admission 30c Sponsored by the Arlington Heights Junior Woman's Club.

## Annual spring concert at high school Friday

The annual spring concert of the Arlington Heights High School Music department will be presented free to the public on Friday night, April 28, at 8 in the school auditorium.

This musical evening is always looked forward to by the parents and many friends of the more than two hundred musicians on the program, and all who enjoy good music are invited to attend.

The concert band will play a variety of patriotic marches, selections from light opera, and tuneless overtures. The girls' choruses, numbering 186 voices, will sing several pleasing songs including the old favorite, "The Lost Chord." Other vocal selections will be given by the mixed chorus and Triple Trio.

Vocal solos by Betty Lou Scamehorn and David Warner; trombone solo by Pat Tuttle; trombone duo by Pat Tuttle and Don Hotz, and a comedy selection read by Irene Eiler accompanied by the band will round out an enjoyable musical evening that you are certain to enjoy.

There will be no admission charged and no reserved seats, so plan to come early on April 28 at 8 to the spring concert at the High School auditorium.

## 4 Arlington homes have new owners

The existing "sellers' market" has influenced many to sell their homes. Among the deals that have recently been transacted in Arlington Heights by Harold Willson and Associate are the following:

Raymond Kehe and Minerva Kehe will soon move from their home on North Highland to a new home they have recently purchased at 1220 South Pine street, Arlington Heights, a home formerly owned by Dr. Alex Magnus.

The Arthur H. Schleicher's of 423 Beverly Lane, Scarsdale, have sold their home to Mr. and Mrs. D. W. Vittum of Chicago. The Vittums will be in their new home May 1st.

Mr. and Mrs. George C. Hieber have sold their home on Euclid street, Arlington Heights. The new occupants will be the Harold Weidners of 627 North State road. The Harold Chamberlains of Palatine purchased the Weidners' home at 627 North State road and will occupy it May 1st.

## Ask for identity of car that injured school girl

Nancy Koehler, 313 Edward street, Mt. Prospect, asks that the driver of the car in which she crashed while playing near the Mt. Prospect school house call her parents, telephone Mount Prospect 1118-M. She was jumping rope April 5th and ran into the auto, the driver of which stopped and inquired if Nancy was injured. Nancy replied, "No."

It was later found that her collarbone is broken. Nancy is certain that the man who inquired so solicitously of her possible injuries would want to report the incident to his insurance company.

## The Herman F. Meyers leave the 'old home town'

Mr. and Mrs. Herman F. Meyer, 25 S. Madison, one of the best known and most active pioneer families in the community—are moving to 5125 S. Laflin street, Chicago, next week in order to be near their son and daughter-in-law, Mr. and Mrs. Cecil Meyer.

Moving into Arlington Heights proper from their respective outlying farm homes at the time of their marriage 35 years ago, the two soon became well known through their welfare work and interest in politics.

Mrs. Meyer, better known as Martha to her many friends, annually was a most willing worker in Red Cross drives and other charitable efforts. A number of years ago she joined the Palatine Rebeccas Lodge 116. Today she holds the high honor of Past Noble Grand. For the last two years she was a delegate to the order's state convention in Springfield.

Mr. Meyer—informally, Herman—is a former member of the Palatine Odd Fellows Lodge 708. For many years he was a carpenter by trade, an expert at lathe work. In more recent years he did maintenance work for the State Highway Commission. An illness best him about two years ago, preventing him from engaging in any more strenuous activities.

Though neither ever aspired to hold political office, both however, took prominent part in the successful campaign of many a candidate in local, county and state elections. They have been constant readers of the Herald the past 35 years and expect thru its columns to keep posted on the activities of their home town.

The Paddock Publications and their staffs join the community in wishing Mr. and Mrs. Meyer the best that good luck can offer, and health and happiness in their new home.

## Fire ladies will be in uniform at dance Sat. night

Not only will that dance in the Arlington Heights fieldhouse Saturday night be a special event, but it will be the first time that the wives of the firemen will appear resplendent in their new uniforms. Those uniforms are supposed to be a secret, but a husband has tipped the Herald that they contain a lot of gold braid and the wearers will look as classy as any Wacs or Waves.

The public is not going to the dance just to look at those uniforms. The uniforms are just to lend atmosphere for the big evening that the wives of the firemen have promised the public.

There are prizes and a war bond will be given away. Music will be by Hahnfeldt's orchestra and the admission price is 50 cents.

## New arrival refuses to wait for doctor's arrival

Little "Sonny" Vath, the newest arrival in the Fred Vath family of Mt. Prospect, created quite a disturbance in his neighborhood last Sunday, when he decided to make entrance into the world ahead of schedule as often happens even in the best regulated families.

The Vaths do not have a telephone and while Mr. Vath was desperately trying to contact the doctor, the baby with young ideas of his own, decided not to wait any longer to make his appearance; doctor or no! Fortunately the Vaths have a good and efficient neighbor, Mrs. Ceril Ellis, a nurse, who rushed over to "pinch hit" for the doctor. When the doctor arrived a short time after all was quiet and serene, and Mrs. Ellis was congratulated for her excellent cooperation in the emergency.

Both baby and mother are doing fine and the five other Vath children are delighted with their new baby brother.

## Young people plan own recreational program

A group of young people of the Arlington Heights high school, with the cooperation of the park board is forming a recreational program that is expected to provide dances and other evening events for the young people the coming months in the field house.

Parents are expected to show their appreciation of the plan by encouraging the younger members of their families to attend, but the real test depends upon the young people themselves. The sponsors want to find out if the young people of Arlington Heights seeking entertainment, will attend periodical events in their home town.

The first event will be a dance at the field house Saturday night, April 29. The admission charge is only 30c including tax. The name that has been given to the center is "Club Victory."

## The Herman F. Meyers leave the 'old home town'

## M. W. Prellberg appointed to camp staff

Mr. and Mrs. M. W. Prellberg have been honored with positions on the Chicago Northern Junior Camp Staff. Mr. Prellberg has been appointed transportation chairman and is responsible for the safe going and coming of about 125 boys and girls and a staff of some 30 additional people. Mrs. Prellberg has been appointed registrar of the Junior Camp which meets at Long Lake, Ill. To a good many parents this camp is known as the Des Plaines Junior camp.

The camp is open to boys and girls of the 6th, 7th and 8th grades and meets for a week under the supervision of the Board of Education of the Methodist church. The Junior camp of a religious nature was originated in Chicago and several of those who established the first camp will serve on the staff this year. There are now hundreds of such camps throughout the country. All of them modification of the first one originated at Berger Camp Ground, Dalton, Ill. The Long Lake camp meets in July this year.

## School extinguisher saves school bus

One of the school buses operated by the United Motor Coach Co. caught fire Tuesday morning while unloading passengers at the Arlington Heights high school. When the small fire extinguisher on the bus failed to extinguish the blaze a larger one from the school building did the trick.

## Mt. Prospect cuts taverns; raises fee

The village of Mt. Prospect amended existing ordinance Monday night, cutting down the number of taverns to three (the present number) and raising the yearly fee from \$300 to \$500. It also increased the bar fee of club houses from a minimum of \$75 a year to \$200 a year.

Above action has been contemplated for some time but could not be previously passed until the license expiration period of a fourth tavern which had been closed for several months. The existing taverns are the Wille, Kruse and Recreation Parlor.

The village board the same evening passed a resolution that assures the cooperation of the village officials with any committees or other taxing bodies in adoption of a plan for the orderly liquidation of all delinquent property within the village of Mt. Prospect.

As trustees for the special assessment holders, the village will receive, investigate, study and convey to the bondholders all proposals which it deems equitable in connection with delinquent special assessments.

## Palatine Plan commission makes plans

The Palatine Plan Commission met Monday night at the Village hall and appointed several committees to make studies of the needs of Palatine of tomorrow.

Most important of the committees is one to study the zoning problem with an idea of recommending changes in the present zoning ordinance as a new ordinance to the village officials. Roy L. LaLonde is chairman of the Zoning Committee.

Another important committee is that on sewerage disposal, of which William Kehe is chairman. Palatine for many years has been in bad grace with the state because of its inadequate sewerage disposal and a thorough study of the present and future needs of the town will be made by the committee of the Plan Commission.

Mayor DePue in an optimistic forecast of Palatine's future said that if the war should end there would be 25 or 30 houses erected in the east subdivision before the end of the year.

The final date of the foreclosure sale confirmation in those areas will be in July and the Mayor was optimistic on operations there if building should be allowed.

Several members of the commission had serious doubts of an early end of the war, and predicted that building booms were something for a quite distant future.

## Home talent show at St. Peter's hall Sunday, May 7

The senior, junior and freshman Waltham Leagues and children of St. Peter Lutheran church of Arlington Heights, will present a home talent play Sunday, May 7th at 8 p.m.

There will be an interesting display of hobby collections, needle work and art. Of special interest will be a display that will include trophies collected by Lutheran boys in service in all parts of the world. Members of the church are asked to participate in the exhibits. Full information can be secured of Elvira Behrens, phone 7017-J.

## Training farms for women's land army

Farms are wanted where women may learn how to do farm chores usually dairy hands and poultry and such work as can be done by women who wish to work on farms.

While we do not believe many farmers will want women workers there are some places where they can be used to advantage. The Women's Land Army organization would like to locate farms where five or six women may work for a short period and learn something about farm chores. This work will be donated for the trouble the farmer would have in this event. If any one is interested they might communicate with Farm Adviser C. A. Hughes, who will pass the information on to the proper person. These women in training would be expected to do some housework besides.

## It is all smiles at Mt. Prospect OPA office

Mrs. Paul J. Glaister, secretary in charge of the Mt. Prospect ration office, has a double smile for all who come her way. Her husband, Lt. Paul J. Glaister, USNR, who has been stationed at an advanced base, is coming home this week.

Lt. Glaister has been transferred to active duty in Chicago. With the transfer has come a promotion to Lieutenant Senior Grade.

## Local boys of model airplane club in moving picture

Three Arlington Heights youths made their debut in the movies when they appeared before the camera in the United States Bureau of Mines latest educational sound film, "Airplanes, Their Metals, Fuels and Lubricants." As members of the "Sky Wolves Model Airplane Club," Henri Bouffard, 115 N. Duntun avenue, Dale Pate, 815 N. Duntun avenue, and Tom Wiersky, 229 S. Walnut avenue, portrayed the parts of model builders who learn about aviation first hand.

"Airplanes, Their Metals, Fuels and Lubricants" will appeal to all aeronautical enthusiasts, whether beginners in model building or pre-flight students in high school or college. It presents a first-hand story of present-day airplane building, beginning with a swift review of the mining operations which provide essential metals, and including the story of prefabrication and assembly of a large Douglas cargo liner and the building and installation of its Pratt & Whitney engines. The important contributions of the petroleum industry in providing special fuels and lubricants are brought out in a sequence on airliner maintenance operations.

The much-debated subject of aerodynamics is simply and graphically explained in animated drawings released by the U. S. Army Air Forces for use in this picture.

Test flights and a competitive model meet are included in the film story, and the modelers worked for several days on their own projects in a "model" clubhouse built for them at the studios of the Atlas Educational Film Company, Oak Park, Ill., producers of the picture.

The premier showing of this picture will be held at the Rand Park Fieldhouse, Des Plaines, this coming Friday, April 21, at 8 p. m. There will be no admission charge for this showing, and the public is invited to attend as guests of the Sky Wolves Model Airplane Club.

## Grand president of Alpha Gamma Delta is guest of honor

Alumnae in this vicinity will join with members of Alpha Gamma Delta throughout Chicago and suburbs in the observance of their annual International Reunion Day on Sunday afternoon, April 23, with gala festivities in Evanston. The celebration of this event included a program at Scott Hall, on the Northwestern campus at which time the Grand President of Alpha Gamma Delta, Mrs. C. M. Jansky, Jr., of Washington, D. C., will be the featured speaker. The Northwestern undergraduate chapter will also present a musical program and an original skit. The mistress of ceremonies for the occasion will be Miss Helen E. Heger, who holds the office of international director of fraternity education. Following the program at Scott Hall will be a reception and tea at the sorority chapter house.

Among the alumnae from this vicinity who will be participating are Mrs. Knowles B. Hollowell of Inverness, Countryside, Mrs. Ross Richards and Mrs. Melvin A. Anderson of Arlington Heights.

## David Jordan, colored singer, to appear here

With a tone akin to prayer David Morris Jordan of Chicago heard his grandmother tell of the superhuman greatness of Abraham Lincoln. Dr. Jordan's father and mother were also slaves. It was from this closely knit family of former slaves that D. M. Jordan learned something of the hopes, fears, joys and anxieties of an oppressed people.

Next Sunday, April 23 at 7:45 p. m. at the Arlington Heights Methodist Meeting House Dr. D. M. Jordan and his talented daughter, Rhoda will interpret some of the songs of his people. Dr. Jordan is admirably qualified for this role. He is 20 years old. Dr. Jordan has sung with quartettes, choruses and choirs. A pupil of the late Dr. Daniel Protueroe and baritone soloist of the Chicago Training school choir and the University of Iowa choir has given Dr. Jordan a rich and practical background of musical appreciation and interpretation.

Endowed with a rich voice and a contagious stage personality he holds the audience's attention throughout the program and receives many encores. A deep sensitivity to the mood of the Negro enables the artist to not only sing the spiritual but to give its meaning to his hearers. Either his singing or his interpretation are worth the price of the evening's entertainment.

Dr. David Morris Jordan was graduated by New Orleans University with an A. B. degree. He won his divinity degree at Gammon Theological Seminary, Atlanta, Ga. He was a graduate student at Garrett Biblical Institute, Northwestern University, Oberlin University, and Minnesota. His graduate studies were taken in the field of Sociology, Psychology and Education.

In addition to his rich musical education Dr. Jordan has the experience of teaching in both high school and college. At the present time he is a member of the Church and Industry commission of the Chicago Church Federation. He occupies an important place in the inter-racial life of Chicago. Having lived in Chicago for about 23 years Mr. Jordan is called upon by Jews,

## 'Buddies' staff gets Legion Citation

## 100 members of congregation at ceremony

The "Buddies" staff, headed by Miss Arlene Nagel, editor-in-chief, were honored at last week's American Legion meeting, when Awards Chairman Rudy Rizzi presented them with the Legion citation for outstanding community service. About 100 members of St. Peter's Evangelical Lutheran congregation headed by Pastor L. V. Stephan, were interested spectators. Honored guests in addition to Pastor Stephan and the "Buddies" staff were Mayor Albert Goedke, Publisher Stuart R. Paddock and Mrs. Carl Teutsch, Auxiliary President.

Chairman Rizzi, in his presentation talk, paid high tribute to the 17 members of the staff for their devotion and industry in preparing this monthly magazine, which now is mailed to 161 men and women members of St. Peter's congregation, now serving in the armed forces. Comrade Rizzi stressed the amount of work involved in getting out the "Buddies" each month, all of which is done by hand with the help of the mimeograph machine.

Miss Arlene Nagel introduced the staff consisting of Dorothy, Ruth and Lorraine Hoelt, Lois and Harriet Fricke, Bruce Kempf, Harold Miller, Betty Hogreve, Gertrude Hinz, Lorna Pfingsten, Margaret Schulte, June and Leona Nagel, Ruth Held, Lois Kranz and Lorna Meyer. Miss Nagel also stated that all staff members shared in the production of the "Buddies." She read a letter from Chairman H. C. Fricke, congratulating the staff on receiving this Legion citation. She then gave credit to the congregation for their wholehearted support and financial aid. Miss Nagel stated that "Buddies" celebrated its first birthday in February.

Two servicemen, Ed Schroeder, M.M. 3C U. S. Navy, and Melvin Moehling, U. S. Army, told how welcome "Buddies" was to the boys in service and how they looked forward to receiving it each month. Legion members present were very much impressed with the unselfish devotion shown by the staff in preparing and mailing this most interesting magazine.

After the ceremony the Legion "K. P.'s" served refreshments.

## J. D. Flentie goes to Milwaukee for eye operation

J. D. Flentie, former mayor of Arlington Heights is in a Milwaukee hospital where he will undergo the second eye operation which is expected to return to him the eyesight that has been failing for several years. Mr. Flentie has the best wishes of the citizens of Arlington Heights.

## David Jordan, colored singer, to appear here

With a tone akin to prayer David Morris Jordan of Chicago heard his grandmother tell of the superhuman greatness of Abraham Lincoln. Dr. Jordan's father and mother were also slaves. It was from this closely knit family of former slaves that D. M. Jordan learned something of the hopes, fears, joys and anxieties of an oppressed people.

Next Sunday, April 23 at 7:45 p. m. at the Arlington Heights Methodist Meeting House Dr. D. M. Jordan and his talented daughter, Rhoda will interpret some of the songs of his people. Dr. Jordan is admirably qualified for this role. He is 20 years old. Dr. Jordan has sung with quartettes, choruses and choirs. FRIDAY, APRIL 21, 1944

## It Happened Here

Jeanie, the small kindergartner, announced, "My father is coming home on furlough." She repeated the statement on ensuing days, no one paying much attention; then one day she boasted, "My daddy is home; he is coming to my kindergarten." Still no one gave much heed; children like to tell things just to make an impression. But the next day, sure enough Jeanie bro't him with her; releasing his hand at the door, she joined the activities of the room and left him standing there, a splendid figure of a colored soldier in the uniform of his country, but ill at ease and uncertain of his welcome. Then Teacher took over and never was guest made to feel more at home or accorded more honor. He straightened his shoulders to his full height and gave his name proudly, "Private Horton of Camp Breckenridge that you've heard about. Jeanie was bound and set to visit her kindergarten; she dogged me 'til I come." It was so engineered that he congratulated the children on their zeal in buying Defense stamps and shook hands with the boy who had bought the most, while they all expanded toward the same end. A day may come when the turn of a battle depends on Private Horton and his contingent at Breckenridge Field, and how much better soldiers Horton and his comrades will be because of the inspiring morning in Jeanie's kindergarten. Jeanie? She had no comprehension of such issues; she only knew Kindergarten was a happy place to be and dogged her daddy until he came, the rest was up to Teacher, S'Amuser.

Frank White, 17 South Duntan avenue, who has been ill, will re-open his barbershop for business Saturday, April 22, when he will be glad to serve old and new customers. Mr. White is the oldest barber in Arlington Heights.

The meeting of the Arlington Heights Nurses club will be held Friday, April 21, at the home of Mrs. W. H. Overton, 216 S. Evergreen. Miss Anna Christianson will be the guest speaker. Her topic will be "The Pre-School Child."

Saturday, April 22 at 2:15 p. m. over station WBBM, the Methodist Deaconess Orphanage of Lake Bluff will air a program. The orphanage will be featured on the "That Man Might Live" series. The series is sponsored by the Council of Social Agencies of Chicago. Listen in and discover what the church does in the field of child care.

Mrs. James Hoffsteter, writes from California, "family all well and usually active."

Lorraine Blume had some of her friends over for her birthday Sunday.

## Health economy

by C. W. LUSSMAN  
of Sieburg Pharmacy

It is far less expensive to see your physician at regular intervals and thus stave off possible and long, costly bouts with illness.

We have become thoroughly accustomed to the rule of visiting the dentist twice a year. It would not be too much to add to this rule the routine of seeing the doctor at least once a year. A quick survey of your habits of living, your diet, hours of rest, working routines, sleep, a little correction here and there, and you have saved yourself some real money.

The correction may include a mild prescription. However mild, it is important. Patronize a good druggist.

This is the 287th of a series of Editorial advertisements appearing in this paper each week. Copyright

Sue for divorce

'Bundles' unit rummage sale

churches will be held at Waukegan Thursday, April 27. Opening hour is 10 a. m., closing at 4 p. m.

"The Fighting Seabees," a tale of the Navy's hard-working, hard-fighting, hard-loving battalion with John Wayne, Dennis O'Keefe, Susan Hayward. Showing at the Arlington this Friday and Saturday with "The Heat's On."

Mrs. Margaret Bergman has sued Vernon Bergman in Circuit court for divorce. They were married October 12, 1940, in Palatine. They have one child, a boy aged 3 years. Mrs. Marie D'Alessandro has sued Ralph D'Alessandro in Circuit court for divorce. They were married in Glenview October 22, 1942, and have no children. She is now living in Chicago.

Mrs. Catherine Hartsig has sued Eugene Hartsig in Superior court for divorce. They were married in Des Plaines June 6, 1942. She now lives in Chicago.

Mrs. Ruth Hubbard has sued Robert E. Hubbard for divorce in Superior court. They were married in Mississippi July 20, 1941, and lived in a trailer house in Niles. They had no children.

SUES FOR \$10,000

Josephine Pollina has sued the Yellow Truck Lines, Inc., in Circuit court for \$10,000 damages for injuries she says she sustained through a truck running into a car she was riding in. It was on August 21, last year, on US 12. The car she was in stopped to turn into a road to Big Hollow and the truck that was running behind failed to stop and ran into the rear of the car. She alleges they did not keep a good lookout, were driving too fast and were too close to the car.

## Open office for U. of Illinois

High school students planning to attend the University of Illinois next year, as well as any others interested, will have five weeks to get first-hand information from university administrative officers at quarters in the LaSalle Hotel, the university announced today. A suite of rooms—608 and 609 in the LaSalle—opened on Monday, April 10, and will continue through Saturday, May 13. The office will be open from 10 to 6 p. m. Monday through Friday and on Saturday from 10 to 5 p. m.

## SEAFOOD MACARONI CASSEROLE

1 cup minced celery  
1/4 cups boiling water  
1 cup macaroni, broken into 1-inch pieces  
3 tbsps. fat or salad oil  
1 tbsps. prepared mustard  
1 tsp. salt  
1/2 tsp. pepper  
1 tbsps. flour  
1 tsp. Worcestershire sauce  
1 cup milk  
1/4 cup minced parsley  
1 cup raw oysters, or cleaned, cooked, fresh or canned shrimp  
1/2 cup grated processed American Cheddar Cheese

Cook celery, covered, in 1/4 cup boiling water, for 10 min. Meanwhile, cook macaroni in 1 qt. (4 cups) boiling water until tender. Drain, and arrange in a 1-qt. casserole. Next stir the fat, mustard, salt, pepper, flour, and Worcestershire into the undrained celery. Mix well. Add milk, and heat to boiling, continuing to stir. Then add oysters or shrimp, and parsley. Pour over the macaroni. Top with cheese. Bake in a hot oven of 425° F. for 20 min. If not sufficiently browned when removed from oven, put under broiler until golden-brown. Serves 4. It's nice with buttered broccoli, raw carrot sticks, heated rolls, lemon chiffon pie, and coffee, for dinner.

No-point, low-point recipes selected from Women's magazines

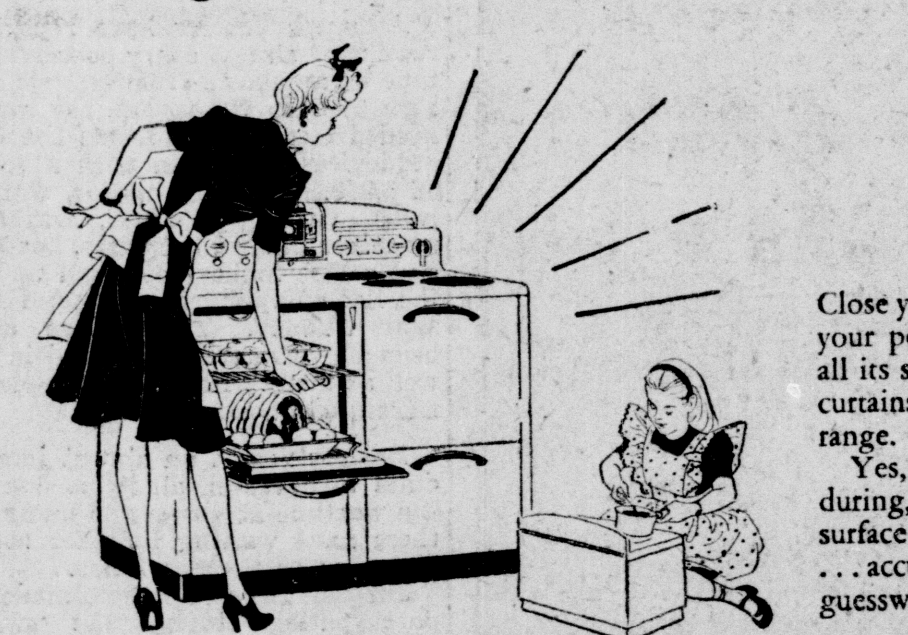

## CREAMED PORK IN SWEET POTATO NESTS

4 medium sweet potatoes  
2 tbsps. melted fat or salad oil  
Salt, pepper  
1 cup pork stock  
3 tbsps. flour  
1/2 cup milk  
1/2 tsp. thyme  
2 cups cooked diced pork

Scrub potatoes. Cover with boiling salted water. Cover; boil 20-25 minutes, or until tender. Drain; peel. Press through ricer. Add fat or salad oil; season with salt and pepper. Using rose tip, put through pastry tube, forming 4-inch circle in individual bakeproof dishes. Brown under broiler until brown. Keep hot. Mix 1/4 cup stock and flour to smooth paste; add remaining stock, milk and thyme. Cook, stirring constantly, until thickened; add pork. Season with salt and pepper. Heat. Serve in potato nests. Serves 4.

## Enjoy the Convenience of a Modern Range in Your Post-War Kitchen

Close your eyes and dwell a moment on your post-war dream kitchen. See it in all its splendor...newly decorated...new curtains...new refrigerator...new range. Yes, a Modern Range streamlined, enduring, easy-to-clean. Modern, efficient surface units for extra speed in cooking...accurate temperature control to take guesswork out of meal making.

What a joy that post-war kitchen will be with all its modern features: Top flood lighting—automatic oven light—automatic oven control—easy-to-use broiler—utility drawer and a host of other conveniences. While that dream is still fresh in mind, make a note now that the first step to a modern post-war kitchen will be a Modern Range.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

## Many win door prizes at party

Door prizes at the Bundles for America card party last week were won by Mrs. Al Bouffard, Mrs. Herbert Reinshagen, Mrs. Franklin Busse, Howard Helm, Russell Ford, Mrs. Jen Carlson, Marian E. Pope, Mildred Myers, Mrs. Charles Scherf, Mrs. C. H. Bailey, Paul E. Patrick and Mrs. Barney Moehling. The winners were given their choice in the order of the drawing. Mrs. Carl Jahn won the blankets and Mrs. A. M. Neville won the doll. Winners at each of the 53 tables also received prizes.

The hostess committee for the party was led by Mrs. V. Curtis. Other members were Mrs. Plontke, Mrs. Engelking, Mrs. Frasier, Mrs. Crittendon, Mrs. Stadelman, Mrs. Orth, Mrs. Shanklin and Mrs. Gilson. Mrs. Kenneth Kennedy and Mrs. Nicholas Mayer took tickets at the door.

## St. James women guild host to husbands April 25

The regular meeting of the St. James Women's Guild will be held on Tuesday evening, April 25, at 8:30 o'clock. This will be an open meeting as the husbands of the members are invited to see a colored movie depicting the life and activities of the Angel Guardian Orphanage of Chicago. This movie will be shown through the courtesy of Rev. Boesen and Rev. Niemeyer. Following the showing of the film refreshments will be served by the hostesses, Mrs. J. Bakalar, Mrs. J. Bauer, Mrs. L. Biedermann, Mrs. E. Coy and Miss M. Brennan.

## St. Peter Mothers' club observes third birthday

The Mothers' Club of St. Peter's Lutheran school celebrated its third birthday on Friday, April 14, with a party to which fathers were invited as special guests. The eighth grade won first prize for the most fathers present and the seventh grade won second prize.

Following the regular business meeting and preceding the refreshment hour Professor Kuehnert, instructor in sociology at River Forest Teachers College, gave a talk on the Development of the Movie Industry and Its Effect on Child Training. His audience was much surprised to find, at the close of his remarks, that he had talked 45 minutes during every one of which he had compelled complete attention.

## Fidelis circle to have personal interest show

Fidelis Circle of the Arlington Methodist church will meet in the church parlor at 8 p. m. on Tuesday, April 25. Each woman has been asked to bring some article of special interest to her to show and describe to the group.

Old lace, heirlooms in dishes or silver, needlework, quilts, shawls, drawings and paintings are among the things that have been suggested. The evening promises to be a novel and entertaining one, and it is hoped that all members will be there to enjoy it. Mrs. E. H. Heller and Mrs. Raymond Atkinson are hostesses.

## Couple feted on 60th wedding

Tuesday was a day of celebration for Mr. and Mrs. Frank Weyrauch, formerly of Park Ridge, who celebrated their 60th wedding anniversary on that day.

Pastor A. Semmon and the Ladies' Aid of St. Andrews church in Park Ridge came to help with the party. A very fine message was delivered by Pastor Semmon. The entertainment was provided by the Ladies' Aid Kitchen Band (which, by the way, must have been organized before priorities went into effect as they had everything but the kitchen sink with them). They ended their program by playing a wedding march and charivariing the anniversary couple.

Treats of cake and ice cream, oranges and candy were served. Special napkins and a large, beautiful wedding cake decorated with apple blossoms and a miniature bride and groom were provided by the Home.

On Sunday residents were entertained with some splendid singing and moving pictures when a group from the Bethlehem Church in Evanston visited the Home.

## Compulsory auto inspection sought by group

Legislation providing for semi-annual compulsory inspection of all passenger automobiles in Illinois by the present state official garage inspection stations, for which inspection a liberal fee would be charged, is reported as the aim of the Highway Safety Association of Illinois, recently organized by these garages, says the Illinois Automobile Club. If such legislation is enacted each member-garage would, it is reported, be required to contribute 5 cents to the treasury of the association for each inspection of a vehicle.

With 1,500,000 or more trucks and passenger cars to be inspected twice a year by these garages, at 5 cents per inspection, quite a tidy income would be provided for this association at the expense of the motoring public, the club points out.

Mr. and Mrs. Grover Kull of Lake Geneva stopped in to say hello to their daughter and her family, the Gerald Morrisseys last Wednesday. They were on their way home from St. Petersburg, Fla.

## Arlington local news

Mr. and Mrs. Herbert Reinshagen and family were Friday night dinner guests at the Jack Everett home.

Mr. F. Townsend who lives with his daughter and family, the Frank P. Sesterhenns at 316 W. Hawthorne left Monday for his annual visit to Cabot Lodge at Sturgeon Bay, Wis. He expects to stay until August and enjoy golf and fishing with his old friends.

The Woman's Society of the Presbyterian church had a "Come as you are" breakfast in the church parlor Wednesday morning. Needless to say it was an informal affair with house coats really coming into their own.

The Rev. Wm. P. Kamphenkel, Mrs. Kamphenkel and family spent Monday evening visiting at the home of the Rev. George Ellerbrake in Barrington on Tuesday. Mrs. Kamphenkel and her mother, Mrs. W. A. Bisehel, went to Milwaukee to visit Mrs. Bisehel's brother-in-law and sister, the Rev. and Mrs. John J. Fleer, for a few days.

## PEO speaker tells of Cottey

A group of girls particularly interested in the junior college for women and members of chapters FS and ER of PEO had the opportunity last Thursday evening of hearing Mrs. Louise Maiken, Cottey College Field Representative, speak on Cottey, the college owned and controlled by the PEO sisterhood.

Her talk was illustrated with slides of the college and enabled the audience to visualize life on the campus. The program there is carefully planned in order that every student may share freely and fully in a great variety of worthwhile experience both in class and out.

The plan of housing at Cottey is unique. Bedrooms for ten girls are grouped about a living room for the common social use of these girls. Every suite also includes a well equipped kitchenette and bath. Upon her arrival each member joins one of these groups of ten; the sense of belonging in such a group is important in the transition from home life to institutional life. Every girl in turn carries social and governmental responsibilities for her unit.

General education is the main purpose of the college, but suggested curricula are listed for students interested in journalism, medicine, nursing, recreational leadership, teaching, music and home economics. By beginning with general courses the student has the advantage of the program of educational counseling before she makes her final professional choice.

The student at Cottey College finds it possible to develop a variety of recreational and cultural interests. She is encouraged to make her program of extra-curricular activity a valuable experience in cultural growth. Campus activities are supplemented by visits to nearby cities in the college bus. Fares are kept low so that each girl may afford a number of trips to concerts, plays and museums. The climate in southern Missouri is such that weather seldom complicates travel.

Cottey college offers at the president's discretion scholarships to first and second ranking students in high school. A limited number of service grants permit worthy and needy students to work for a part of their expenses.

The college believes that there can be no better educational method than the daily working and living together of young women and older women who are highly trained in the various fields of learning. Its program is based upon such belief.

## Swap campaign puts 5300 devices in user's hands

Some 150 electrical appliance dealers in approximately 60 northern Illinois towns outside Chicago have made over 5,300 work-saving electrical devices available to war-busy families through the appliance "swap" campaign launched several months ago, it was announced today. This campaign was one result of a nation-wide appeal by the War Production Board that homes be searched for idle electrical appliances for use of war workers and others unable to purchase them due to wartime manufacturing restrictions. The dealers purchased these appliances with War Stamps, reconditioned them and offered them for resale.

Although dealers have reported receipt of almost every conceivable type of appliance from electric razors to deep fat fryers, the much needed electric iron heads the list of devices turned in with a total of 1,840. Toasters, radios, waffle irons, vacuum cleaners, washing machines, lamps, hotplates, heaters and coffee makers are well up on the list of appliances swapped for War Stamps. There have also been 65 refrigerators turned in as well as many motors, fans, ironers, mixers and roasters.

Dealers report an almost immediate turnover on all items due to the wartime shortage and many of them have waiting lists for some of the more popular items. Judging from comments made in participating stores, the "swap" campaign has done and is doing a big war job in northern Illinois.

Save Sunday afternoon, May 7th, for Marionette Show, "Beauty and the Beast" North School Auditorium, 2:30. Admission 30c Sponsored by the Arlington Heights Junior Woman's Club.

Mr. and Mrs. Charles Heiss and family spent the week end at Mrs. Heiss' mother and father, the Paul Mallows at their farm near Delafield, Wis.

Mrs. Andrew R. Burk who has been visiting at the home of her daughter, Mrs. Bernard Freitag, since November when her husband passed away, has gone to Toronto, Canada.

Mrs. Joe Hipp, formerly of Arlington Heights, now of Milwaukee, visited at the John Berchold home on west Wing last Wednesday.

Miss Jacqueline Riley, daughter of Mr. and Mrs. Ben Riley, has been ill with pneumonia but is somewhat better now.

Mrs. Kenneth Gregory and children returned last Wednesday from New York. Mrs. Gregory says that while they enjoyed the trip immensely they all feel that there is definitely no place like home.

Mr. and Mrs. H. E. Johnson entertained their bridge club Saturday evening.

## Soil conservation viewed as postwar boon to producers

Soil treatment methods now practiced by growers of 45 states enrolled in the national soil conservation program would so step up food production as to give Illinois' 212,500 farms a postwar yield equivalent to that of 256,000 farms without cultivating new acreage, the nation's leading produce distributor declared today.

"Enhanced quality of fruits and vegetables, as well as increases up to 20 per cent in quantity has been the result of soil culture on 66 million acres of farmland under treatment in nearly 1,000 farmer-organized conservation districts throughout the country," said Harvey A. Baum, head of the A & P Tea company's produce-buying operations, whose 137 field offices report that farmers everywhere plan postwar extension of soil conservation.

Growers of Illinois districts, whose goal this year includes 142,000 acres of vegetables for the fresh and process markets and 3,484,500 acres in potatoes and soybeans, are participating in the soil program to the extent of 6,736 projects involving 908,328 acres of all types, he said. On a national basis more than 99 million acres are being placed on soil treatment schedules.

As to the effect of the program upon the nation's consumers, Baum expressed the belief that it has been an important factor in meeting both military and civilian food requirements. "Obviously, wartime rationing at home might have been tighter than they are if vital producing areas had not been enrolled in the work blueprint by the U. S. Conservation Service," he added.

## Its' that time of the year...

We have been wondering if spring house-cleaning goes for other housewives the way it goes for us, or if we are just inefficient time-wasters. We always seem to start with closets, and we get stopped there. Friday morning there was the little matter of a box of family photographs to drag out, rearrange and dust off. It took all morning, because we hadn't looked at the pictures for months and they gave us a spell of the "remember whens".

Is it possible that other folks take an afternoon (of course we did not drive to Glenview because we didn't know when we'd get another chance) to put the top dresser drawer in order. Maybe we're the only ones who get it in such a snarl in the first place. It's supposed to be a hat, glove, purse, scarf and handkerchief drawer, but we found paper clips, blouses, night gowns, a cardboard gun and a spilled box of buttons in there.

The kitchen would have been all washed up on Saturday, honestly it would, if there hadn't been that painted chair to glue (thank goodness that's done). And why we can't stay out of the corner of miscellaneous toys in the basement until we come to them is more than we can figure out.

Well, there's a good deal off our minds anyway. It would just be idiotic to wash the bedroom curtains before we turn the heat off, now wouldn't it? They'd be filthy in a week. It wouldn't be surprising though, if we can't stand it that long and swish them down to the laundry tubs on the day we forget about our appointment with the dentist.

Maybe it doesn't happen this way with everyone. Maybe we just lead a disorganized life.

## Club calendar

- April
- 22—Merle Guild Unit American Legion Aux. rummage sale, 22 E. Northwest Hwy. Greenburg Bldg. 9 a. m.
  - 23—Dr. D. N. Jordan, negro singer, Methodist Church, 7:45 p. m.
  - 23—Candle Lighting services at St. Peter's Lutheran church 7:30 p. m.
  - 25—Fidelis Circle Methodist church at church parlor, 8 p. m.
  - 27—Wheeling Home Bureau meeting at farm home of Mrs. Louis Kirchhoff on Central road east of State.
  - 29—O.E.S. rummage sale at Presbyterian hall.
  - 30—Community Art Exhibit at Methodist Meeting House.
  - May
  - 3—Woman's club spring luncheon.
  - 6—St. Peter Mothers' club rummage sale.
  - 6—Rummage Sale by the Mothers' Club of St. Peter Lutheran school. Call 1516M or 786J if you want your article picked up.
  - 26—Breakfast at Sardi's Methodist Meeting House.

The Rev. Milo J. Vondracek sat in on a committee meeting of the Chicago Christian Businessmen and the Evangelism Committee of the Chicago Preachers Meeting Monday, April 17. Plans were discussed to a city wide crusade conducted by Laymen with a mammoth rally of some 25,000 persons at the Stadium or Coliseum some time in the early fall. The plans are only tentative and may have to be revised.

The Rev. L. V. Stephan attended the meetings Tuesday and Wednesday in Chicago of the North Illinois District Pastoral conference of the Lutheran church.

Mrs. Herman Carr will represent chapter PW of the Arlington Heights PEO at the Supreme Convention, Illinois State meeting of the sisterhood, to be held at the Palmer House on April 25 and 26. Mrs. John Kuntler will represent ER chapter. Many other members of the local organization are planning to attend some of the gatherings during the convention.

Mrs. J. A. Cousins arrived home Friday from Hartsdale, New York, where she spent four weeks with her son's wife and baby, Her son, Lt. Warren J. Cousins, is serving overseas and her hope of seeing him before he sailed was not fulfilled.

**Fitted Glasses Give Distinction**

Way back in the optical middle ages glasses were considered a detriment of good looks — but fitted here glasses are designed to fit your features as well as your eyes. They give you perfect eye health and their styling lends distinction to your looks.

## PTA panel discussion provokes much thought

### Sings at choral club reunion

Mrs. Frank Cizek sang Sunday with the St. Cecilia Choral Club at a solemn high mass held in Blessed Agnes Church of Chicago. The part she took gave her special pleasure as Sunday marked the first general home-coming for past members of the club to be held in 23 years. Dinner and a program followed.

Mrs. Cizek had sung with the choir for 10 years before coming to Arlington Heights and served as choral accompanist at the piano on occasions when the singers were away from the church.

Mrs. Cizek says that she and her husband, who had been with the club even longer than she, both regretted his inability to attend the reunion.

Mr. Cizek, machinery designer and chief engineer at the Elmes Engineering Works of the American Steel Foundries, left Sunday morning for Kentucky where he had a conference with Lieutenant Commander Hutchinson of the United States Navy. From there he went to the Naval Ammunitions Depot at Crane, Indiana, to supervise the installation of necessary equipment for the navy. Before returning to Arlington Heights Mr. Cizek expects to spend a few days at French Lick Springs, Indiana.

### Pictures by local artists will be shown at exhibit

The Community Art Exhibit which will be held from 2 to 5 at the Methodist Meeting House Sunday, April 30, has been the means of discovering some fine local talent. Besides pictures by such well known Arlington Heights artists as Mrs. Harold Collard, Mrs. Elmer Bussing and Mrs. Charles Revenagh there will be James Topping, Frederick Tellinger exhibits and some of the popular Puschman prints. Clyde Emrick, who is in charge of arrangements for the show, has found work of real merit which has not been seen in the village before.

Everyone is invited to come and spend as long as they like looking at the paintings, etchings, drawings and prints. The Methodist Women's Society will serve tea.

### ME women plan fall antique, hobby show

A group of Arlington Heights Methodist women attended the Wheaton Antique and Hobby Show at the Methodist church there last week for the purpose of studying the technique and methods of putting on such a show. They will set an early Fall date for a similar affair and feel that it will be of much interest to Arlington Heights people.

The women who made the trip were: Mrs. Clyde Emrick, Mrs. William Brown, Mrs. Raymond Atkinson, Mrs. Arthur Ashcraft, Mrs. Milo Vondracek, Mrs. Don Stockdale, Mrs. Carnross, Mrs. Marvin Prellberg, Mrs. Charles Scherf, Mrs. Robert Dibble, Mrs. C. A. Hughes and Mrs. E. H. Heller.

The panel discussion of juvenile delinquency held at the April PTA meeting Tuesday night under the direction of N. E. Schwartz was a stimulating one; parents and teachers had their thoughts on this problem considerably awakened and directed toward the further use of Arlington Heights' fine recreation facilities to help combat both ever present delinquency and war time exaggeration of it.

The members of the panel, Mr. Schwartz, Noble Puffer, Mrs. W. N. Walton, the Rev. Milo Vondracek, Mrs. Rex Volz and high school students Lois Knaack and Bob Williams centered their remarks around four areas:

1. How serious is the problem?
2. Is delinquency caused by and exaggerated because of broken homes and war time living?
3. What effect does our community environment have on delinquency? What about comic books, radio programs and movies?
4. How can we use planned recreation to combat delinquency?

The discussion topic, "Accepting the Challenge," was a climax to the theme for the year, "Children Challenge the Community."

At the beginning of the meeting Miss Beverly Pink sang "Winter Lullaby" and the "Desert Song". The high school string ensemble, under the direction of D. G. Costain, played a selection from "Martha", "Marionettes" and "When Day Is Done". Teachers and parents here take justifiable pride in the performance of their young singers and musicians.

Miss Lucy Perkins of the Chicago Chapter of the American Red Cross complimented Arlington Heights on its record for contributions and voluntary service and described some of the tasks for which the great organization is responsible.

Mr. Clabaugh introduced Mrs. Lucile Staahl, new third grade teacher at the South School.

Mrs. Paul Collins, PTA president, thanked the members for their cooperation in sending good clean usable clothing for "Bundles Days."

The North and South Schools' first grades were hosts for the social hour and refreshments which followed the meeting. Attendance record winners were the first grade at North School and third at South.

Joan Dodge and Laura Fritz, representing the 4H Club, led the pledge of allegiance to the flag which always opens Parent-Teacher Association meetings.

### To talk on war time BVDs

The Men's Forum will hear on April 24 a talk entitled "War Time B. V. D.s" by Oliver J. Prentice, director of public relations and publicity for C. A. Dunham and Company, Chicago.

The speaker was born in England but has been a naturalized citizen of this country for over 58 years. For over a quarter of a century Mr. Prentice has been a member of the Illinois Commission of the Chicago Association of Commerce. He recently delivered the talk with the provocative title before one of the largest audiences this group has ever had.

Men who attend the 8 o'clock meeting of the Men's Forum at the Methodist Meeting House can expect to hear a highly inspirational address. All men of the community are invited to come.

## DIRNDL DOTS

—Photo courtesy New York Dress Institute

Junior Miss cottons begin with such simple beach and backyard tubables as this polka dotted dirndl with big pockets and sashed waist. Every Junior will also want several dressier dirndls for town wear, and a town suit, or maybe two, in checked or plaid cotton. "Young black" is a wise investment in cotton for the small woman who takes Junior sizes and who likes the idea of interchangeable cotton accessories. Juniors who are to get their diplomas in June will find cotton dresses in both short and full length styles, and, for vacation, adorable sunback cottons and playsuits.

## OES notes

Those who attended the meeting of Arlington Heights Chapter of the Order of the Eastern Star Thursday evening, April 13, witnessed an interesting and impressive initiation ceremony. The usual social hour and refreshments followed the meeting.

Members, please keep in mind the rummage sale on April 29. Anyone having rummage, bring to next chapter meeting or call Chairman Lillian Wolf at 820.

On Friday evening, April 14, about twenty members attended Palatine Chapter when Worthy Matron Dorothy Dutton and Worthy Patron Harold Hastings presided in the East. The following also served: Agnes Olson, Conductress; Raoul Peters, Chaplain; Ruth Lloyd, Organist; Inez M. Sharp, Electa; and Gladys McGuen, soloist.

The Red Cross war fund drive started March 1 and ends May 15. It is the desire of the Worthy Grand Matron of the O. E. S. of Illinois, Mrs. Agnes T. McMeekin, that the O. E. S. of this state raise \$10,000. Each member may make subscription through the local chapter and the order will receive credit. Give donations or call local Red Cross chairman, Maybelle C. Jasper at 378 or any member of the committee.

A plea has been made for 80,000 new decks of playing cards to be put into kits for the boys returning from the war front to enter hospitals. Members may bring cards to chapter meetings or give to the chapter Red Cross chairman. On April 27 Friend's Night will be observed with a penny social following the meeting which is being sponsored by the Girls' Club of the chapter.

### Pick new members of Presbyterian church board

New members of the Board of Elders of the Arlington Presbyterian Church who were ordained and installed Sunday are Eric Nord and Paul Rudd. Other members of the session, which has charge of the spiritual welfare of the church, are: Park Allen, Harvey Barber, J. E. Hausam and James Speers.

Two members of the Board of Trustees who were re-elected are C. E. McWharter and A. M. Neville. This Board, which guides the temporal activities of the church, has as its other members, N. M. Lattof, Irving Tesch, Henry Mueller, Melvin Kurtz, Martin Fehlman and Alex Lips.

## Beautiful Diamonds

When selecting a diamond go to a dealer in whom you can have confidence. A gift so meaningful must be of lasting and distinctive quality.

## Just Around the Corner

When leaves fall from a tree they renew and enrich the tree which yearly owns fresh leaves. When a person dies he renews and enriches the lives of his loved ones who keep the imprint of his spirit.

Immortality can bear no heavier responsibility and reach no higher fulfillment than the treasure of smiles and courage and kindness each strong individual passes on to those he has known. The knowledge of this responsibility and fulfillment is something to live by.

Mrs. Fred Scharringhausen's death last week brought back to me these words I had written seven years ago when my father died. I think it was because I knew that as long as I have power of recollection I shall never forget her smile. It was one of such sweetness and resignation that the last time I saw her I filled my heart with it, foreknowing that it would not be mine again except in memory.

A number of months ago a forty-two year old woman died in Kansas City. Her courage has already become a legend. She had an incurable disease, two beautiful children and a devoted husband. For twelve years she valiantly hid from her children and husband the depth of her torment. The doctors told her only confidante, a sister, that she was never completely erased, that she was hourly crucified with pain. The sister prayed nightly for her release. She felt the uselessness of her suffering. It was not useless. Her story was a monument to the supreme and undefeated strength of human character—to the victory of soul over body. Her husband and her children and everyone who knew her or has heard of her will be borne up in their moments of trial and travail by the endurance of her triumph.

My father used to be able to untangle some of the most persistent knots in people's lives. Last year an old family friend said to me, "Your father had a gift for straightening folks, and the reason he could do it was because he loved them. He loved them enough to want their lives to smooth out, and he was kind about it, never forgetting the crooks in his own living."

Kindness and love renew and enrich. They do not die. Smiles and courage are deathless. They tread forever down the path of years, lightening loads, killing tears. They and those who give them are immortal.

### Candle lighting services this Sunday evening

Mothers, wives, other relatives and friends of the 160 members of St. Peter's Lutheran Church congregation now in the armed forces of our country are especially invited to come to the candle lighting services held bi-monthly on the fourth Sunday of every second month at the church. A short sermon offered by the Rev. L. V. Stephan precedes the added consolation of prayer and the symbolic ceremony which follows. Boys and girls of the congregation who are in uniform here light from one large candle each of the 16 candles on the V-shaped frame. Each of the 16 candles represents 10 service people and the large candle from which these "lights of faith" take their glow symbolizes Christ and his undying faith.

The next of these beautiful services will take place Sunday night at 7:30. They are open to the public.

## American Legion auxiliary notes

The Legion Auxiliary rummage sale will be held at 22 E. Northwest Highway in the Greenberg building on Saturday, April 22. Doors open at 3 a. m. Those wishing to have rummage collected may call 767 or 673W. The store will be open on Friday to receive rummage.

Tuesday afternoon the Legion Auxiliary met at the home of Mrs. Alburn C. Rector to celebrate its 23rd birthday, the April birthdays of two members, and to honor Mrs. Delmar Rippey, who is soon to make her home in Houston, Texas.

The table was decorated with red carnations and baby's breath and red, white and blue napkins with American Legion Auxiliary lettered in gold; candles cast a soft light over all.

The pile of handkerchiefs was placed in front of Mrs. Rippey. While she unwrapped and passed them around, Mrs. Rector brought in a huge cake inscribed with "American Legion Auxiliary 23rd Birthday" and placed it in front of Mrs. Parker to have her make the first cut. It was a shame to ruin the decorations but the compensation was in the eating.

Mrs. May passed out the quilt books and all went home to remember a pleasant afternoon spent with Mrs. Rector.

## Woman's club to have spring luncheon May 3

The Arlington Heights Woman's Club will have its spring luncheon on May 3 at the Fisher Tea Room, 1960 Touhy avenue, Park Ridge, at 1 p. m. Miss Coral Schumann is to give humorous skits and impersonations and the women are expecting to have a light-hearted informal social hour. Mrs. O. G. Osburn is in charge of the sale of the \$1.25 tickets and may be reached at Arlington Heights 1816R.

ARLINGTON HEIGHTS

Louise Thies, nee Schultz, was born March 5, 1854, in Addison Township and passed away after a lingering illness at the home of her son and daughter-in-law, Mr. and Mrs. Henry Thies, at Gilmer, Ill., at the age of 90 years, 1 month and 11 days.

She was united in marriage to Frederick Thies Feb. 21, 1873, at Long Grove and immediately after their marriage this couple made their home on their farm in Elm Township near Gilmer. Mr. Thies preceded his wife in death in the year 1921. Mrs. Thies has made her home on this farm for the past 71 years. A son, William, preceded his parents in death in 1896.

Mrs. Thies leaves to mourn her departure five living children, Fred Thies, George Thies, Mathilda Eggers, Carrie Schwerdtman and Henry Thies; two daughters-in-law and one son-in-law, six grandchildren, 11 great-grandchildren and one brother, William Schultz of Des Plaines.

Funeral services were held Wednesday afternoon, April 19, at 1:30 p. m. at the residence and at 2 p. m. at the Lake Zurich Evangelical church. Interment Lake Zurich cemetery.

## Donald Sternberg

Donald Christian Sternberg, infant son of Christian Sternberg and his wife, Mrs. Hazel, nee Stadt, was born in Palatine Hospital Nov. 1, 1943.

Donald contracted pneumonia Friday evening. A doctor was called but Donald grew steadily worse until he passed away Saturday morning, April 15.

Donald leaves to mourn his departure: His father and mother, Mr. and Mrs. Christian Sternberg of Palatine; two brothers, William and Harold, both at home; one sister, Violet Mae, also at home.

Services were held Monday afternoon from the Danielson and Tharp chapel in Palatine. Interment South Side cemetery. Rev. W. F. Huebner officiated.

# OBITUARIES

## Mrs. Wm. Moeller

Mrs. William R. Moeller passed away at her home on Golf road, East Moline, Saturday evening, April 15. Her end came suddenly just after she had bid goodnight to members of her family although she had been seriously ill for about four months.

Bertha Lueth was born in Holstein, Germany, June 11, 1880, one of a pair of twins born to the late Mr. and Mrs. John Lueth. She came to this country with her parents when she was five years old and they settled in the vicinity of Jefferson Park. On November 20, 1897, she was married to William R. Moeller and they made their home in Chicago until 1908 when they moved to the farm on Golf road. Of the nine children born to his family, a daughter, Lillian, passed away in 1916.

As long as her health permitted, Mrs. Moeller was a faithful and active member of St. Matthews Lutheran Ladies' Aid. Funeral services were conducted Wednesday, April 19, from the late residence and at St. Matthews Lutheran church with Pastor Julius Toepel officiating. Six nephews were pallbearers: Frank, Ernest and William Lueth, George Schaefer, Paul Moeller and William Seemann. Burial was in St. Matthews cemetery.

Mrs. Moeller is survived by her husband; five sons, Adolf, John, Louis, Martin and Herman; three daughters, Margaret Tistle, Ella Mikkelsen and Mildred Sheen; five daughters and three sons-in-law; eleven grandchildren; two sisters, Mary Lueth and Mollie Schaefer, and four brothers, Henry, John, her twin Gustave, and William. Three sisters, Lena Behrens, Emma Seeman and Dora Moeller, have preceded her in death.

## Emma Heinrich

Emma Heinrich, nee Oestmann, was born May 1, 1887, in Schaumburg Township, received her education and was confirmed at Zion's Ev. Lutheran church at Churchville. She was united in marriage to Herman Heinrich March 21, 1909, at St. Paul's Ev. Lutheran Church at Addison. This couple have made their home at their present location for the past 24 years where on Thursday morning, April 13, she passed away at the age of 56 years, 11 months and 12 days.

She leaves to mourn her sudden departure, her loving husband, Herman, and two children, son, Edward, daughter, Mrs. Adeline Albrecht, one daughter-in-law, one son-in-law, one granddaughter, a father-in-law, Fred Heinrich of Addison, five sisters and four brothers, Mrs. Martha Pappenbrock, Mrs. Mary Pappenbrock, Henry Oestmann, Mrs. Ida Fene, Mrs. Lena Fene, Edward Oestmann, Louis Oestmann, Mrs. Alma Fene and Edwin Oestmann.

Funeral services were held Sunday afternoon, April 16, at 1:30 at the residence and 2 p. m. at Addison Lutheran church. Interment Addison Lutheran cemetery.

## Former Palatine resident passes

News has been received this week of the death of John Slade, a former resident of Palatine. He passed away in Los Angeles, Cal. Cremation took place there. The remains will be brought to Palatine.

He leaves his mother, Mrs. Martha Comfort, of Redwood City, Cal. and Palatine.

## Henry Roper

Henry Frederick Roper, son of Mr. and Mrs. Frederick Roper, was born on Nov. 17, 1873, in Palatine. Mr. Roper was baptized in his infancy on Dec. 27, 1873, and was confirmed on Palm Sunday in 1888.

Mr. Roper spent his early life in Palatine. He was united in holy wedlock on Feb. 4, 1897, to Miss Emelia Bliese. This union was blessed with five children, two sons and three daughters. One son, Henry, Jr., died when he was about 3 months old.

From their marriage Mr. and Mrs. Roper lived on a farm near Barrington but later moved to the village where he started working on the township roads and for the last 23 years he has been Township Road Commissioner.

From his confirmation, Mr. Roper was a member of St. John's church in Plum Grove, later joining St. Paul's church.

Mrs. Roper preceded her husband in death Aug. 20, 1914. Two years later he married Mrs. Mary Plentie who also preceded her husband on March 12, 1924. Since that time Mr. Roper has been making his home with his daughter and her family, Mr. and Mrs. August Toppe.

Mr. Roper has been more or less ailing for about a year. Last August he was taken to Sherman hospital in Elgin where he was under a doctor's care for about six weeks after which he was sent home apparently much better. But he never completely recovered his health.

Last Wednesday he became partially paralyzed and after that grew steadily worse until his death Thursday, April 13, at 11:15 p. m. at the age of 70 years, 4 months and 26 days.

Mr. Roper leaves to mourn his departure three daughters: Mary, Mrs. Charles Bedurske and her husband and family of Chicago; Lillian, Mrs. August Toppel and her husband and family of Palatine; and Edith, Mrs. Frank Thies and her husband and family of Chicago. Fredrick Roper and his wife and family of Waukegan; two stepdaughters: Mary, Mrs. William Toppel and family of Palatine, and Emma, Mrs. Frank Ballard and her husband and family of Rockford; two sisters: Mrs. Bertha Reuter of Elgin and Mrs. Emma Hamman and husband of Arlington Heights; six sisters-in-law, four brothers-in-law, eleven grandchildren, four great-grandchildren, a number of cousins, together with a host of other near and far relatives and many friends.

Funeral services were held on Sunday afternoon, April 16, at St. Paul's church at 2 o'clock. Interment Hillside cemetery, Palatine. Rev. W. F. Huebner, pastor of St. Paul's, officiated.

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement.

Brothers and Sisters of Miss Meta Pfingsten.

CARD OF THANKS  
We wish to thank our many friends and neighbors for their kindness and sympathy during our recent bereavement.  
Wm. Fredericks and Family.

## Katherine Tagge

Katherine Anna Tagge, nee Eckhardt, was born Sept. 11, 1882, in Obermoelbrick, Germany. She came to the United States at the age of 7 years and received her education and confirmation in Chicago.

June 30, 1909, she was united in marriage to Henry Tagge at Chicago. This couple made their home in Alberta, Canada, where their seven children were born. In September, 1922, the family returned to the United States where they resided at Arlington Heights, Elk Grove.

Mrs. Tagge passed away Friday evening, April 14, at the St. Francis Hospital in Evanston at the age of 62 years, 7 months, 3 days.

She leaves to mourn: Her loving husband, Henry J. Tagge; three daughters, Phoebe Moellenkamp, Mary and Caryl Tagge; six sons, Peter, George and Raymond of the U. S. Army, Robert of U. S. Navy, and Ernest and Abner Tagge; two daughters-in-law, Mrs. George Tagge of Arlington Heights and Mrs. Peter Tagge of Tampa, Florida; a son-in-law, Julius Moellenkamp, and three grandchildren.

Funeral services were held Wednesday afternoon, March 29, from Oehler's funeral chapel, Des Plaines, to Elk Grove Evangelical Lutheran church. Interment Ridgewood cemetery.

## Mrs. Fred Scharringhausen

Mary Scharringhausen, nee Pingel, was born May 14, 1862, in Itasca, received her education and was confirmed at Elk Grove Lutheran church at Elk Grove. April 22, 1881, she was united in marriage to Fred Scharringhausen at Palatine by Rev. Krueckmann.

After their marriage this couple made their home on their farm in Elk Grove Township and in 1927 decided to make their home in Arlington Heights at 208 S. State road, where on Wednesday evening, April 12, she passed away at the age of 81 years, 10 months and 28 days.

This marriage was blessed with nine children, of which six preceded their mother in death, Albert at the age of 49 years, Ruben at the age of 45 years, Walter at the age of six years, Barney at the age of one year, and a set of twins, Sophia and Olive, who passed away in infancy.

She leaves to mourn her departure her husband, Fred Scharringhausen, and three children, George Scharringhausen, Mrs. Elsie Landmeier Sander and Irving Scharringhausen, two daughters-in-law and one son-in-law, 15 grandchildren, 12 great-grandchildren, four sisters-in-law and two brothers-in-law.

Funeral services were held at 2 p. m. Saturday, April 15, from Karstens funeral home and at 2:30 p. m. at St. John's Evangelical church, Arlington Heights. Interment Elk Grove community cemetery.

## Otto Doerr

Otto Doerr 6055 South Highland Arlington Heights died last Thursday after a few days acute illness. The remains were taken to Chicago where funeral services were held Monday afternoon. Interment was in Irving Park cemetery.

Deceased leaves his wife, Gladys, two sons, Paul and Robert, a mother, two brothers and three sisters. He had resided in Arlington Heights a number of years and was employed in a war plant in LaGrange.

Several years ago he played in Ralph Stippick's orchestra for many of the dances in this vicinity.

## SUCCUMBS

Mrs. Caroline Schmaebele, 80, died in Waukegan last week. She was a lifelong resident of Lake county and is survived by her husband, son and daughter. Also a brother, Jacob Link, of Palatine, and sisters, Mrs. Ella Baker, Palatine, and Mrs. Mary Hans, Barrington.

CARD OF THANKS  
May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.  
Fred Scharringhausen and Family.

# LIFE WITH MOTHER

Dear Eleanor:  
After our egg hunt on Easter morning, Edward's eyes fairly danced as he said, "The Easter Bunny saw the 'star' in our window, so he came to our house!" (which, I think, is as good as any reason the Easter Rabbit might have for making his call this year, don't you agree?)

Well, bless him, he not only came here himself, but he brought his wife along!

When we came downstairs for breakfast, we saw an unfamiliar box on the dining-room table. At first, George and Edward were so attracted to the nest of brightly painted eggs, and the two baskets, they didn't give any attention to the box. Finally, George took the lid off, and shouted, "they're ALIVE!"

You've never seen a sweeter picture, Eleanor! Even Rob and I were taken with the sight of these two pure white bunnies, with their pink eyes and pink-lined ears. They had pink silk ribbons tied around their necks, and the boys tied so perky stayed right in place behind their pointed ears, as they moved their heads under our timid caresses.

I can't remember when the boys were more surprised or pleased with a gift. We found out later that Howard and Hazel had been the ones who showed the bunnies the way to our house!

This week-end, Rob will build a hutch for them. When they have been properly named, we shall immediately inform Davy and Louis. Won't you try and bring your boys out to see them this Spring?

We had our "sailor boy," as Edward calls him, home with us for Easter, and Jim and Louis came out Saturday afternoon when we were in the midst of doing our first yard clean up for the Spring. They pitched in and helped us trim bushes, and clear away the winter's debris from the flower beds. It was such a glorious day, we HAD to be outdoors! Did you and Dave feel that same urge?

Northwestern at the usual time Sunday, Jack had Easter Monday off from school. Since all other schools were vacationing, we took for granted that George wouldn't have to report back at his school until Tuesday (we learned later we were mistaken). Jack's plans for Monday were to spend it with a few friends making a tour of some of the Chicago museums, so Rob suggested I bring the younger boys in to the Federal Court building, where a case of his was being tried before Judge Barnes. Yarns ago, Rob had taken Bob and Jack on a tour of the various court rooms, and now it was to be George and Edward's turn.

Strange as it may seem, in all these years, I had never even as much as peeked inside a court room in Chicago, though, I have been in the United States Supreme Court Room in Washington, D. C., as you remember. Some day, I must tell you about that experience.

Rob said he thought we'd find the Federal courts more interesting than some of the others from the standpoint of solemnity and attractiveness, and he went on to tell us about the murals painted high on the various court room walls. I forthwith made up my mind to dress us in our best "bibs and tuckers" and present ourselves in Judge Barnes' court room on Monday morning.

We arrived there around 11 o'clock, quietly walked to the spectators pews, and sat down in the very center where we could get a clear view of the Judge, the lawyers and the jury. I couldn't hear very much of what was being said for it appears that the lawyers address themselves to the jury and the judge, and care not a whit for those sitting in the audience.

We remained seated for almost an hour when the Judge called a recess; then we were able to talk with Rob. The Marshall also came to speak to the boys and invited them up to the bar where they were allowed to take turns sitting in the Judge's big chair. After that thrilling experience, Rob took them into the Judge's chambers while I walked around the empty court room and peered at the murals.

Here are to be found scenes in the life of George Washington. They are quite soiled in places, and again they appear to have been recently cleaned. I tried to find out a little about the history of these murals, and was told they have been on the walls since shortly after the building was built. (You know, of course, that it is the old Post Office building, and that it was erected about 45 years ago).

One of the marshalls said he thought the artist was a French painter, but couldn't recall his name.

After a short recess, Rob brought the boys back to me, and they told me the Judge had been most cordial, and had related little stories about their grandfather whom he remembered very well. (Incidentally, this is the same Judge Barnes before whom Rob and his father stood when Rob took his oath back in 1921.)

When court was resumed, I took the boys around the rotunda to look in at the other court rooms. By that time, it was nearing 12:30, and these other court rooms were empty. We were therefore, able to browse around without having to be too quiet or walk too sedately... a great relief to the boys, you must know!

I'm afraid we are just a little partial to Judge Sullivan's court room, for there we found the entire life of the beloved Lincoln painted on the upper walls, with the exception of the part directly in back of the judge's rostrum. They are in very good condition, and beautifully painted. We stopped while I read aloud to the boys the two inscriptions that are present in the midst of the paintings on the side walls. I think they are inspirational, and I might add, timely. I shall repeat them here for you.

"History must accord Abraham Lincoln a rare sagacity in guiding a great people through a mighty revolution. Faithful adherence to Law and conscientious moderation in the use of Power; a shining personal example of Honesty and Purity as statesman, ruler and libera-

tor. Civilization will hold his name in perpetual honor."

Lincoln: "Every man is said to have his peculiar ambition. Whether it be true or not, I can say, for one, that I have no other so great as that of being truly esteemed of my fellowmen, by rendering myself worthy of their esteem."

When the Judge dismissed the people for lunch, we rejoined Rob, and he took us over to Berghoff's. You must have eaten in that old German restaurant at some time. I like to go there, though I must say it is always crowded these days, and one has to wait so long for a table. Bob and Jack have always loved the potato pancakes they serve there. On this day, George ordered their famous sausage (the name of which I can't spell), and sauerkraut. Rob had tongue prepared a German way, Edward (who always does the unexpected) had file of sole with French fried potatoes! I suppose I should have ordered pigs feet, or ham hocks or knuckles, or some

other such "specialty", but I did the wholly unorthodox thing, and had a simple meat loaf, almost like the kind I can have at home any day! Anyway, it was all very good and we thoroughly enjoyed the atmosphere of the place. Oh, yes, I almost forgot to say, we saw "opposing counsel" lunching at a nearby table. The "friendly enemies" saluted one another in a most pleasant fashion, and went right back to the important business at hand, or should I say, mout? Rob was due back to court at 2 o'clock, so we left him right after lunch and went over to State street for a short while, and thence to the Union depot for our train home. It was a very pleasant day, and one the boys will not soon forget. I expect that your boys will have a similar experience one of these days. Give them and my Charlotte Mary a big hug and kiss from all of us.

Lovingly, Mary.

# Betting on 'D' day is main Anzio activity

From the Anzio beachhead in Italy is Al Duenn of Arlington Heights.

"Just a few lines to let you know that, in spite of all those news commentators who had us marching into Rome a couple of weeks ago, we're still on the beachhead—much to the disgust of the Kraut. The heat is still on, but the scene has changed a lot since we hit the beach here almost sixty days ago. There are a lot of homes here which have been blown off the landscape.

"Right now every man among us is speculating on the time when the big show will open. We are not supposed to do any betting on the day, but this is Army life and we don't have time to lose any money in crap games or cards. Some day old Adolph will be digging an awfully big fox-hole.

## Watch that map

"Keep your eye on the map and stick a pin along the Italian coast about 25 miles south of Rome. That is our piece of land. You want to be sure and have a box of pins handy because one of these days we are going to find our little piece of land growing. Then just watch the newspapers and the tracks we can make in the mud.

"About every third day is spring rain now and then. All fox-holes are not waterproof so the boys have to use the helmets to bail the water out so they can sleep in it.

"The German shells going over our heads have an awful harmony. They don't have enough sopranos. Ours sound nice. We have all kinds of tunes.

"Thanks for the paper. Letters from boys overseas is read by all my buddies. It gives us an idea of what is going on in different parts of the world.

## Bullets lose fountain pen

"Some time ago I lost my fountain pen, and I'll now tell you how I lost it. About eight months ago some of my buddies and I had to pack supplies into the hills for a battalion which could not be reached by vehicles. After taking a lot of mortar and machine gun fire we finally got to the battalion and dumped our supplies.

"On our return we again ran into mortar and machine gun fire. We traveled in pairs because it was daylight and too many of us would have been picked up by the German GPs otherwise. You could see the bullets kicking up the dirt all around us.

"There was one valley that was constantly under mortar fire. We had to run twenty yards, and then fall. The shells landed close but not close enough, for we all got back. It was there that I lost my pen. I didn't feel like going back to look for it, however.

"We were relieved from the front not long after that. We then had to go back up to pick up the dead. We had four men to a stretcher

and could have used eight. It wasn't an easy job and the odor was awful. It sort of made you a little sick for a couple of days. "I have been overseas eighteen months and have started my fourth year in the army. I haven't had a furlough yet but still have hopes. I'm in the infantry division that was known in the last war as the Rock of the Marne. All the divisions here are good and the Germans don't push us around. Things do go slow but then Rome wasn't built in a day either.

"When I get back I'll be loaded down with campaign ribbons but until then I'll have to continue my work. Haven't had a bad day since I've been in the army so should be eligible for the good conduct medal.

"Being on the Anzio beachhead I don't write very often. The paper is still coming and the bowling scores are awful!"

His address is Pfc. Albert E. Duenn, 36003997, APO 3, c/o PM, New York, N. Y.

## Great Lakes

Now at Great Lakes is Joe Smart of Arlington Heights. Joe reported there last week Wednesday, and was immediately sent to the hospital for treatment. It is nothing serious, however, and Joe expected to spend just a few days under the doc's care.

Hospitalization was a lucky thing for Joe's parents, however, as they were able to visit with him Sunday. Usual regulations prohibit any visitors for the first four weeks.

Joe's address is Joseph Dale Smart, AS, Co. 808, Great Lakes NTS, Great Lakes, Ill.

## Oklahoma

From Camp Gruber, Oklahoma, comes word of George Cramer of Palatine.

"At this time I would like to express my gratitude to the Legion and Auxiliary and everyone concerned in making it possible for all of the servicemen to read about their home town and what it is doing. This is the first letter that I have written to "With Uncle Sam," so another mark can be scored for Palatine.

"I reported to Fort Custer, Michigan, July 5 of 1943. I spent ten days there taking the usual AGCT, receiving my equipment and finding time to get in a little KP. It wasn't long before I learned the gentle art of massaging dishes.

"I left my reception center on the 14th and arrived at Fort McClellan, Alabama, on the 16th of July just as the hot weather was in full swing. I took 13 weeks of infantry basic training in which I learned that they do much more than just march. It takes initiative and as the officers termed it, "Yankee ingenuity."

"While at Fort McClellan, which was also our STAR unit, I took a series of aptitude tests to determine if I could qualify for the ASTP. Much to my surprise I was one of the three hundred fellows selected to be sent to Fargo, North Dakota.

"We arrived there October 21 and proceeded to get organized. Our first term didn't begin until November 8 so we were given three day passes if we could make the trip home in that short time. I was more fortunate than a lot of the fellows because I was within 600 miles of good old Palatine.

"After we had finished our first term of three months of basic engineering we were granted our first furlough of seven days. After six weeks of our second term we received orders to the effect that our college along with hundreds of others throughout the country would be closed and the men returned to line outfits.

"We arrived in Camp Gruber March 26 and were greeted by the Divisional Band. We were a bit skeptical at such a reception until we found out that all troops are greeted in the same manner.

"Many of the World War I veterans in Palatine will remember the 42nd Division—the old Rainbow. It is the division in which we are now receiving our training.

The training which I am now in the midst of is practically the same that I had at Fort McClellan. In a few weeks after our basic is finished we will probably be transferred to another company or possibly to another division for further training.

"I haven't missed a single issue of the Enterprise yet so keep it rolling. "With Uncle Sam" gives me a chance to keep in touch with a good number of Palatine boys in the service."

His address is Pvt. George A. Cramer, 16174425, Co. E, 232nd Infantry, APO 411, Camp Gruber

Charles Watts of Northbrook is still at Norman, Oklahoma, and writes that he is enjoying the good weather and swimming. Charles is a 2nd class seaman, machinist mate, in the navy.

## Texas

Pfc. Charles W. Ross of Arlington Heights was included in another class of aerial triggermen to guard Army Air Forces' bombers which graduated last week from the Harlingen, Texas, Army Air Field, aerial gunnery school of the AAF Training Command. Along with his diploma he received a pair

of Aerial Gunner's wings and a promotion in grade at brief graduation exercises. After a delay in route to visit relatives, he will join an aerial combat team, unless retained at Harlingen to serve as a gunnery instructor.

He was prepared for his place in America's stepped-up air offensive by a comprehensive six week course in every phase of aerial gunnery warfare. Besides learning to fire every type weapon from camera guns to the deadly caliber .5 Brownings, he studied turret manipulation, aircraft identification, and learned to tear down and assemble machine guns while blind folded. He climaxed the course by firing on towed targets from Texan training planes, medium bombers and Liberators.

John Otzen of Arlington Heights was graduated Saturday from Pampa field, Texas, as a second lieutenant and bomber pilot in the army air forces. John is home on furlough and is scheduled to report to Del Rio, Texas, May 1.

Lt. Otzen's career includes Henderson State Teachers' college at Arkadelphia, Arkansas; preliminary training at San Antonio, Texas; primary at Hick's field, Fort Worth, Texas; basic flight school at Coffeyville, Kansas, and finally Pampa field, Texas.

John is now a pilot of a Martin Marauder B-26, a twin-engine medium bomber. He will gain experience for combat at his new station.

Now stationed at Amarillo, Texas, is Henry Miller of Wood Dale. Henry was formerly stationed at Lincoln, Neb. His new address is Pfc. Henry C. Miller, 2058 Ordnance Co., 332 Base Hq., AB Sgdn., Army Air Field, Amarillo, Texas.

## Colorado

From Buckley field, Colorado, comes word of Kenneth Lloyd of Arlington Heights.

"At present I am still in Armament School, Buckley field, finishing up my last two weeks, ready to go to Gunnery School. I receive the Herald from the folks every week and it really is a thrill to hear about all the fellows from around the home town. Keep up the good work.

"I want to express what a beautiful city Denver is and how nice the people are here. You really couldn't beat it in the U. S. except of course A. H. The weather here in the last few months has either been snow or sunshine all the time. However, it rained Easter, as you could imagine.

"School is rather easy and most of the instructors are very patient. The only objection is getting up at 4 a. m. in the morning but it leaves most of the afternoon off. The food is quite good and my only wish is a furlough sometime in July.

"I will be glad to hear from anybody at home or in the service who desires to write."

His address is Pvt. Kenneth M. Lloyd, Sgd. 766 TSS, Bks 611, Buckley Field, Colo.

## Arizona

A graduate of advanced pilot training class 44-D, Douglas Army Air Field, Arizona, Donald S. Bingham of Wheeling received his wings and commission as a second lieutenant in the Army Air Forces Saturday. Lieut. Bingham is the son of Mr. and Mrs. Harold S. Bingham, Wheeling.

Now at Yuma, Arizona, is William Danielson of Prospect Heights. He was formerly at Sioux Falls, S. D. His new address is Pfc. William C. Danielson, Sgd. 1, Class 44-21, Army Flexible Gunnery School, YAAF, Yuma, Arizona.

## Georgia

Home from Fort Benning, Georgia, is Carl Schwolow of Arlington Heights. Cpl. Schwolow arrived home last week Monday and was scheduled to return to camp April 19. His address is Cpl. Carl W. Schwolow, Btry C, 252 FA Bn, Fort Benning, Ga.

## New Caledonia

Mrs. Walter Niebuhr of Mt. Prospect recently heard from her husband, who has been in New Caledonia for the past year, that he has been promoted to Technical Sergeant.

# ARLINGTON HEIGHTS HERALD

SECTION TWO + SPORTS + MOVIES + WANT ADS

## 3 PAGES

With Uncle Sam on 7, 10 and 14

## Rhode Island

From Camp Peary, Virginia, comes word of Forrest Davis of Arlington Heights, stating he is moving to Camp Endicott, Rhode Island.

"I have about 10 minutes to say hello and advise you that I am still on the move. I have been informed that effective April 15, 1944, my address will be Stevedore Pool, Camp Endicott, Davisville, Rhode Island. Please tell Ed Duenn to keep the Herald coming.

"It is raining here this morning and has been since yesterday afternoon. I have had a banner week insofar as meeting boys from Arlington and vicinity is concerned. I saw "Bill" Wilton Sunday, Art Kehe on Sunday and Monday evening, and also Kenneth Grebe from Barrington last night. I also met H. J. Prehn who used to work at Karstens Funeral Home in the chow line this morning.

"I just figured up that I have moved ten times from area to area since January 3. That does not include several moves from barracks to barracks in the same areas. Even the enemy would have a pretty tough assignment keeping account of my whereabouts, but the Herald comes regularly and I really enjoy the news from home and the the boys in the various theatres of action."

His address is Forrest Davis, SK-3/c, Stevedore Pool, Camp Endicott, Davisville, Rhode Island.

## Missing

T. Sgt. LeRoy Tonn of East Maine has been reported missing in action somewhere over Germany around the middle of March. This was the news received by Mr. and Mrs. Frank A. Tonn of Florence avenue last week. The Tonn's have two other sons in the service. Franklin who is in the navy and Marlin in the army.

## No. Carolina

Howard Hausam of Arlington Heights has been home on furlough from Greensboro, North Carolina. He returned to his station Sunday.

## New York

From the Bronx, New York, comes word of Robert Jensen of Palatine.

"I would like to thank the Legion Auxiliary for sending the Palatine Enterprise to me. It means so much to a person to know that there is someone or some organization back home looking after the

boys who leave. It helps a person keep interest in his home town and see where his friends are, by being able to read the local paper.

"Time goes fast here, since we are kept very busy with studies and drilling. They make the work very interesting, because everything is more or less new to us here.

"A person can certainly find people from almost every walk of life in his station. We have Griff Williams, former orchestra leader from Chicago, in our barracks here, along with other men more or less known throughout the country."

His address is Ens. Robert E. Jensen, O-V(S), USNR, NTS(I), Billet 42034-24, Fort Schuyler, Bronx, New York 61, N. Y.

## Mohammedan Pilgrimage

The Mohammedan pilgrimage to Mecca has totaled annually from 25,000 to more than 100,000 pilgrims. The world-wide depression had reduced greatly the Hajj, as the pious journey is called. War and the closing of sea lanes again had cut the number of pilgrims, with proportionate losses to the revenues of Saudi Arabia.

## Florida

From Miami, Florida, comes a letter from Owen Nangle of Palatine. The letter was written to Mrs. Mosser, president of the Palatine Leg on Auxiliary, the organization responsible for sending the Enterprise to all Palatine servicemen.

"I would like to take this opportunity to inform you of a change in my address and also to express my sincere thanks to you and your organization for the wonderful service it is performing by sending the Enterprise to all of the people in the service.

"I realize I haven't been away from Palatine as long as most of the fellows, but if my feeling of appreciation is any gauge of gratitude, then I know that the fellows and girls that have been away from home much longer consider it an indispensable service. It certainly has proven itself a great medium for locating one's friends and it also demonstrates very clearly that the people of Palatine are behind the local servicemen and servicewomen, not only in the purchasing of bonds but also for the extra little conveniences that cannot be found any other place but in Palatine.

"I certainly wish your organization continued success."

His address is Owen W. Nangle, AMMI/c, A & R Div., Engine School, USNAS, Miami, Florida.

John E. Rodgers, son of Mr. and Mrs. Hubert Rodgers, Elmhurst road, Prospect Heights, was recently commissioned as an ensign and was presented with his gold wings at Pensacola N. A. S. He is now stationed at Melbourne, Florida, and writes that he will soon be flying Hell Cats.

He was home on a short leave recently, at which time his younger brother, Hubert, who is stationed at Camp Grant with the Army Medical Corps, was also able to obtain a leave, enabling the two brothers to enjoy a few days together with their parents and young brother, Peter.

Home on furlough is S/Sgt. Edward Blaskiewicz, son of Mr. and Mrs. Marshall Blaskiewicz, Olive avenue, Prospect Heights. Eddie has been hospitalized at Coral Gables, Fla., from a recent attack of malaria, and is home on sick leave.

## Double Power

This year, the bureau of reclamation power plants have more than doubled their 1942 production of electric power.

# MAC SAYS:

BY GERALD A. McELROY

We do not think that a single record is in any danger of being broken a week from Saturday when the 12th annual Palatine Relays are run. The competition is going to be very even in both classes with a big field of 20 schools entered but the records are just too good and there are not enough really top flight performers coming to the meet. This does not mean that it will not be a good meet and usually there are several surprising performances.

## Reusser was interested in activities

When Dr. J. L. Reusser left Palatine to take a position on the faculty at Illinois Normal University the local school lost a real booster of school activities. Palatine's music, athletic and social program was greatly expanded during his 10 years as principal and unusual success came to the school in the extra-curricular field. Reusser believed in giving activities a definite place in the curriculum. The Palatine school and the Northwest conference have suffered a real loss with his resignation. He was president of the conference this year.

## Propose uniform letter system

One of the Northwest Conference ideas that he was promoting at the time he left was a uniform system of awarding letters in all eight schools of the league. The trend seems to be toward that of awarding one letter a year with small emblems on it indicating the sport in which the athlete earned recognition. Three schools, Barrington, Northbrook and Palatine, follow this plan. Ela's boys win one letter and then get certificates for any further awards but may turn in a worn letter for a new one. We personally favor a uniform type of letter and system for the league but it will probably be pretty hard to get a uniform basis for awarding them.

## Palatine ahead on a Believe it or not race

The track meet between Antioch, Bensenville and Palatine Friday brought out a number of interesting points. One was that Palatine was the luckiest winner on record. With a one point win over Bensenville they scored 9 points in the 440 in which a leading Bensenville man, Vener, fell just four feet from the finish line in a collision with Good of Antioch and let three Palatine boys sprint by to score. It was sure a fluke and at the time did not seem so important as Palatine was not expected to have much chance against the Bisons. It is pretty certain

# 20 schools to run next week in Palatine meet

## Niles - Leyden - Arlington summary

Triangular: High hurdles: won by Alterri N. W. Miller A 2nd, Skallerup N 3rd, E. Williams A 4th, Michaels and Nielsen 5th; time 17.9 seconds.

Low hurdles: won by Jagade L. Alterri N. N. Skallerup N. R. Williams A. G. A. Magnus A. tied for fifth; time 22.4 seconds.

100 yard dash: won by Jones L. McDonald A. Suydam N. Terpin A; time 11.4 seconds.

220 yard dash: won by McDonald A. Bahr A. Farr N. Tenczyk L; time 25.1.

440 yard run: won by Jones L. Shipp L. Alprandi N. Williams A. Busse A; time 37.2.

880 yard run: won by Baird L. Weischniger L. Meinke N. McNeely N. A. Magnus A. time 2:18.7.

1 mile run: won by Shipp L. Brod-korb L. Meinke N. Preymuth A. and McNeely and Neubauer tied for 5th; time 5:13.

1.6 mile run: won by Shipp L. Brod-korb L. Meinke N. Preymuth A. and McNeely and Neubauer tied for 5th; time 5:13.

Pole vault: won by Tressler L. Mass-man N. and McRoberts tied for 2nd, and Pearson N. Lindstrom N. and Michalowski L. tied for 4th.

High jump: won by Miller A. Bos-nos N. and Kamps A. tied for 2nd, Tressler L. height 5' 4".

Broad jump: won by Jones L. W. Williams A. and Miller A. tied for 5th; distance 44' 2".

Discus: won by Guetzloff L. Jagade L. Shierhorn L. Krebs A. Bosnos N. 880 yard relay: won by Leyden: (Jones, Michalowski, Weischniger and Baird); Arlington 2nd, Niles 3rd; time 1:5.

Frosh-Soph relay: won by Niles: Suydam, Alterri, Lindstrom and Farr; Leyden 2nd, Arlington 3rd; time 50.7.

## Pirates frosh sops trounce Bensenville, 65-42

Palatine Frosh-Sops, minus three of their best performers defeated Bensenville Tuesday, 65-42, on the Bisons' track. Willard Gaare and Matt Weinacht each scored 16 1/2 points to pace the Pirates victory while Arendt, Howes, Henker, Rogers, LeBaron, Moehling and Krelle did the rest of the scoring.

Garland, who won the shot, discus, and 220 and finished second in the 100, was Bensenville's main competitor with 18 points.

Palatine won nine out of 23 events. The best marks were 2:25.8 by Henker in the half mile and 45' 1 1/2" by Garland of Bensenville in the shot put. Gates made up in fine style for Smith, who was out with a pulled muscle, by winning both hurdle races in his first competition in the events. Weinacht took the quarter in good time and won the high jump with a good mark of five feet. Paul Muehlfeit, speediest frosh sprinter, was out with a pulled muscle. Palatine won both the frosh and soph relays by wide margins.

Summary: 90 yd. high hurdles: won by Gates P. and Ernang B tied; Rogers P 3rd; time 15.7. 100 yd. dash: won by Arendt P; Garland B 2nd, Krelle P 3rd; time 11.6. 440 yd. dash: won by M. Weinacht; Riley B 2nd, LeBaron P 3rd; time 36.5. 880 yd. dash: won by Gates P. Ernang B 2nd, Rogers P 3rd; time 14.5. 110 yd. low hurdles: won by Gates P. Ernang B 2nd, Rogers P 3rd; time 22.5. 220 yd. dash: won by Garland B; Arendt P 2nd, Berth B 3rd; time 26.9. Frosh relay: won by Palatine; (Rog-

## Class 'A' is NE conference meet; Bisons rate in 'B'

A total of 19 schools have signed up to date for the 12th annual Palatine Relays due to be held at Ost Field next week, Saturday, April 29. The addition this week of Marango and St. Charles to the list boosts the number of class "B" entries to 11 with 8 in class "A".

Palatine authorities are hoping that the weather will break into real summer sunshine on the 29th after a cold spring which has greatly handicapped track training.

For a number of years Palatine has been fortunate in getting the tops in weather for the big meet. This has helped greatly in establishing the fine records shown elsewhere on this page.

Class "A" mostly NE Conference

The class "A" division will be almost the same as a Northeast Conference relay meet with only Belvidere outside the local sports circuit. Bensenville seems to be the best bet to take the class "B" title in the Northwest loop. The Bisons have a group of good distance runners capable of winning the two mile relay. With Vener in the 440 and Hall or Bowman in the 880 they seem like a cinch to take the medal. Anderson and Kernats could ably hold up the 220 sections of such a quartet with Anderson, Kernats, Garland and Hall or Marden a pretty fair 880 relay team. Bensenville seems to be the weakest in the Frosh-Soph event.

However, West Chicago, with Lally, Toler, and Segebrecht from last year's sprint team returning will have the nucleus for a relays winner. West Chicago has a good weight man who placed last year and several capable hurdlers. Zarate, anchor man on the winning medley relay team, was only a sophomore. So it looks like Coach Don Gamble's team will be out in front when the points are totaled next week.

## Palatine Not out of it

Palatine, three time winner, will be in their pulling for a contending position. Hapke, Goodwin, Linneman and Henker can run the two mile relay as fast as last year's winners did and the frosh-soph relay to be selected from among Arendt, Gallimore, Smith, Muehlfeit, and Krelle should be one of the best in the meet. The medley and 880 relays are real questions as far as the Pirates are concerned but they may prove better than rated by the so called experts. Meyer and Herr will team up with the two fastest frosh-sops in the half mile relay. Herr is one of the best hurdlers in the meet, so Palatine will enter the open class 320 high hurdle shuttle which they won last year. Bahr, Smith and Rogers, Gates or Kolze might make up this team. Herr also should be a high jump contender, an event in which he placed last year.

Summary: 90 yd. high hurdles: won by Gates P. and Ernang B tied; Rogers P 3rd; time 15.7. 100 yd. dash: won by Arendt P; Garland B 2nd, Krelle P 3rd; time 11.6. 440 yd. dash: won by M. Weinacht; Riley B 2nd, LeBaron P 3rd; time 36.5. 880 yd. dash: won by Gates P. Ernang B 2nd, Rogers P 3rd; time 14.5. 110 yd. low hurdles: won by Gates P. Ernang B 2nd, Rogers P 3rd; time 22.5. 220 yd. dash: won by Garland B; Arendt P 2nd, Berth B 3rd; time 26.9. Frosh relay: won by Palatine; (Rog-

ers, LeBaron, Henker, Krelle); time 50.7. Soph relay: won by Palatine; (Gates, Howes, Weinacht, Arendt); time 54. Shot: won by Garland B; Zemke B 2nd, Mowes P 3rd; distance 45' 1 1/2". Discus: won by Garland B; Howes P. Vaglar B 3rd; distance 96' 1 1/2". Pole vault: won by Johnson B; Moehling P 2nd, Howes P 3rd; height 8'. High jump: won by Weinacht P; Gates P 2nd, Schuemen B 3rd; height 5'. Broad jump: won by M. Weinacht P; Gates P 2nd, Rogers P 3rd; distance 44' 2".

usually weak in several events. Palatine's two lettermen, Clarence Herr and Jack Goodwin, each topped two first places and Herr added a second. Smith of Antioch won both sprints and made the fine mark of 10.7 in the 100 yard dash. Anderson of Bensenville got a first, a second, a third and fourth. Herr made remarkably good time for so early in the season in the hurdles with 17 for the highs and 25.9 for the lows around the sharp Palatine turn. Kernats won the shot and broad jump and took third in the 100 yard dash for the Bisons.

100 yd. dash: won by Smith A; Anderson B 2nd, Kernats B 3rd, Ellis A 4th, Meyers P 5th; time 10.7. 220 yd. dash: won by Smith A; Meyers P 2nd, Anderson B 3rd, Garland B 4th, Weber A 5th; time 25.4. 440 yd. dash: won by Goodwin P. Trigger A 2nd, Kastning P 3rd, Gallimore P 4th, Vener B 5th, Good A 6th; time 36.8. 880 yd. dash: won by Goodwin P; Bowman B 2nd, Hall B 3rd, Hapke P 4th, Henker P 5th; time 2:18.7. 1 mile run: won by Bowman B; Hall B 2nd, Linneman P 3rd, Cunningham A 4th, Nolows A 5th; time 5:02. 1.6 mile run: won by Herr P; Marden B 2nd, 19.6, Ellis A 3rd, 19.7, Bahr P 4th, 19.8, Smith P 5th, 20. Ernang B 6th 20.5. 220 yd. low hurdles: won by Herr P; 25.9; Bahr P 2nd, Good A 2nd 27.5, Marden B 4th 28.4, Ellis A 5th 29.4. 880 yd. relay: won by Bensenville, Hall, Marden, Kernats; Antioch 2nd, Palatine 3rd; time 1:45. Frosh relay: won by Palatine; (Rogers, LeBaron, Henker, Krelle); Antioch 2nd; 33.4. Shot: won by Kernats B 40' 7"; Wilhelm A 2nd 37' 9"; Nielsen B 36' 6"; Moody P 4th 36' 2"; Hansen P 5th 34' 11 1/2". Discus: won by Nielsen A, 110' 9"; Rose P 2nd 103' 10"; Moody P 3rd 102'; Wilhelm A 101'; D. Howes P 87' 10"; Bosch B 6th 87' 6". Pole vault: won by Crenado B; Moehling and R. Howes P and Bowman and Johnson B tied for second; height 10'.

Broad jump: won by Kernats B; Smith A 2nd, Meyers P 3rd, Anderson B 4th, Ellis A 5th; distance 44' 2".

High jump: won by Anderson B 5' 4"; Herr P 5' 3"; Moody P 5' 2"; Vener B 4th 5' 3"; Gates P 5' 4"; Marden B and Bowman B tied 4' 11".

# Cardinals blank Ela nine, 5-0

## Bokelman holds visitors to 4 hits

By Earle Joyner

Behind the superb pitching of Dick Bokelman, Arlington's Cards had little difficulty with Ela last Friday, beating them 5-0. Bokelman confined Ela to 4 hits while the Cards were producing 5 runs on 7 hits, 4 walks and 4 errors. Bokelman rang up a total of 16 strikeouts to 10 for Jim Ladd, Ela's lanky hurling ace.

Hitting honors were split up between Hank Ehard who had two triples and a walk in three appearances at the plate, Kohler with 2 hits in 4, Robinson with 2 hits in 4 and Bill Griffith with one hit and one walk.

Bokelman opened the season by striking out the first two batsmen to face him; he walked the next one, then struck out the third. In the third and seventh innings he struck out all who faced him.

Ehard started the run production for the Cards in the second inning by slapping a long high looper over the center fielder's head that was good for three bases; Bacon's fly was caught by Loefer; Gaare struck out but Ehard brought in the season's first run when Thompson's well hit grounder slid through Storm's fingers.

Griffith walked to open Arlington's big fifth inning and took third on Robinson's single to left; Bokelman struck out; Ehard hit another long one to center scoring Griffith and Robinson; when Hapke threw the relay onto the road trying to get Ehard at third the third run of the inning was scored.

Crawford walked to start the sixth; Gene Stroker batted for Bach and promptly struck out amid much razzing from the Ela bench; Kohler came through with a hit to center and Crawford took third. Crawford then scored while Griffith was grounding out short to first.

Off their showing in their first game this season's baseball team looks like a good fielding aggregation with players two deep in every position. The big "if" this year seems to be the hitting ability of the lower half of the batting order. Two or three good hitters to go with Ehard, Kohler, Robinson and Griffith will produce a team that will be mighty hard to beat providing of course, that Bokelman's pitching continues to look good and that Robinson comes through on the mound.

Side comment: Bokelman may know how to strike out his opponents but he hasn't learned to keep from doing it himself.

Farm Bureau Building, Arlington Heights, Illinois - Phone Arlington Heights 441

Arlington's baseball squad started its season off with a bang by beating Ela 5-0 on the home field last Friday afternoon.

Led by some fine work on the mound by Dick Bokelmann, the Cards ran up five runs on seven hits, four errors and four walks. Bokelmann struck out sixteen Ela batsmen in his first pitching effort.

## Palatine frosh sops beat Cards, Bisons

By Jack Goodwin

The Palatine frosh-sops got their track season off to a fine start by defeating Arlington 58 1/2-50 1/2 and Bensenville 73 1/2-35 1/2 in a double dual meet. Scored as a triangular meet, the results would have been, Palatine 51 1/2, Arlington 45 1/2, and Bensenville 37. Several of the marks such as Stan Arendt's 11.3 in the 100 and Gallimore's 64.4 in the 440 were quite encouraging. Magnus, an Arlington freshman, ran a very nice 2:22.7 half mile, while a Pirate frosh, Bob Henker, proved himself to be a candidate for the two mile relay team by finishing second in 2:25.7.

Roger Smith was Palatine's outstanding scorer with 35 1/2 points, 16 against Arlington and 19 1/2 against Bensenville.

Summary: 100 yd. dash: won by Arendt, Pal; 2nd Garland, Ben, 11.7; 3rd Hollenbach, Ar; 11.8; 4th Berth Ben, 11.9; 5th William Ar; 12; winning time 11.3.

90 yd. high hurdles: won by Kamps Ar; 2nd Smith Pal; 12.9; 3rd Ernang Ben; 13.4; 4th Magnus Ar; 13.9; 5th Rogers Pal; 14; winning time 12.4.

440 yd. run: won by Gallimore Pal; 2nd McDonald Ar; 3rd Johnson Ben; 4th Daniels Ar; 5th LeBaron Pal; winning time 1:36.

220 yd. dash: won by Garland Ben; 2nd Smith Pal; 27.3; 3rd Arendt Pal; 27.9; 4th Hornbostel Ar; 28; 5th Crumlich Ar; 28.5; winning time 27.

110 yd. low hurdles: won by Kamps Ar; 2nd Smith Pal; 14.5; 3rd Rogers Pal; 14.8; 4th Hollenbach Ar; 15.1; 5th Ackermann Ar; and Ernang Ben tied 15; winning time 14.2.

880 yd. run: won by Magnus Ar; 2nd Henker Pal; 2:22.7; 3rd LeBaron Pal; 2:33.6; 4th Riley Ben; 2:33.7; 5th Hahn Pal and Weinacht Pal tied; winning time 2:27.

Frosh relay: won by Palatine; 2nd Arlington; 3rd Bensenville; time 53.2. Soph relay: won by Arlington; 2nd Palatine; 3rd Bensenville; time 52.1.

Pole vault: won by Howes Pal; 2nd Johnson Ben and Holt Ben tied, 4th Steel Ben, 5th Moehling Pal and Ackermann Ar tied; winning height 8' 3".

High jump: won by Kamps Ar; 2nd Gates Pal 5'; 3rd Weinacht Pal 4' 11"; 4th Dahrom Ar; 4' 9"; 5th Haney Ar; 4' 8"; winning height 5' 1". Broad jump: won by Smith Pal; 2nd Ackermann Ar; 16' 9"; 3rd Rogers Pal; 16' 8"; 4th Moehling Pal; 16' 2"; 5th Hollenbach Ar; 16' 1 1/2"; winning distance 17' 4".

Shot put: won by Zemke Ben; 2nd Garland Ben 41' 7"; 3rd Kurtz Ar 38' 3 3/4"; 4th Howes Pal 38' 3"; 5th Kleiner Ar 37' 2 1/4"; in winning distance 43' 3 3/4".

Discus: won by Garland Ben; Howes Pal 2nd, Adam Ar 3rd, Vogler Ben 4th, Hoste Ar 5th; winning distance 97' 3".

Made Citizen  
The first person ever to receive American citizenship on foreign soil was James A. Finnell Hoey, an Irishman serving in the Canal Zone, who was naturalized on December 4, 1942.

Arlington appears to have a well-balanced defense at all positions, but seems to lack strength in the batting order. While this is just the beginning of the season, and the boys are not hitting as well as they will, the crying need at this time seems to be more emphasis on stickwork.

This Friday the Cards entertain the Leyden nine here in a game that may well determine the North-East Conference baseball championship. Leyden is favored to cap the title with its veteran team. Let's all turn out and cheer the team on tomorrow!

The track team placed third in a triangular meet at Niles last Friday involving the Niles, Leyden, and Arlington barriers. Leyden won the meet with a great show of strength. Niles nosed Arlington out by one point for second place. Arlington was led by Pat McDonald, who won the 220 yard dash, took second in the hundred, and ran on the relay team. Bill Miller won the high jump at 5 ft. 4 in. This year's squad, while not as strong as last year's Palatine Relay winners, is a team that will bear watching. Experience is lacking but there is plenty of material and ability to be developed, so hope is high.

The Frosh-Soph squad lost to Palatine last week, but defeated the Bensenville Frosh-Sops. In this group there is a wealth of material that promises brighter days ahead for Arlington track.

**Do you know how to milk a cow?**

If you raise crops and have cows, you spend more time milking than at any one other job. The other evening we spent an hour or so watching a fellow put on a demonstration on how to milk a cow. After watching and listening we said to ourselves, "Believe he's got something and our dairymen should see and hear him."

So we have arranged for this man to come here with his exhibition on "How to Milk a Cow." Twenty-five years ago we would have thought this was silly. But since scientists have found out more about hormones and a dairy cow's disposition, they have found it does make a difference the way a cow is milked.

This has also a vital bearing on mastitis, udder health, etc. A cow will actually give more milk when she is milked properly. C. S. Rhode, Dairy Extension Service, University of Illinois, will have charge of the meeting.

The meeting will be at the Palatine High School, Friday, May 5, at 8 p. m.

Elroy Meyer, Roselle, has been given the privilege of the exclusive use of the name "Meyerdel" as a herd name in registering his purebred Holstein-Friesian cattle, announces the Holstein-Friesian Association of America.

Nearly 700 prefixes were reserved for breeders by the association in 1943.

**Tenure problem solved by father and son set-up**

"One of the fundamental needs of agriculture is to have a succession of the same family on the same land throughout succeeding generations," according to H. C. M. Case, head of the department of agricultural economics, University of Illinois College of Agriculture. In making that statement, Case said that he was thinking of the good of the individual, the community and the nation.

One of the major problems of agriculture is the movement of capital and earnings from the country to the city. In a period of ten years, approximately six and one-half million people go from the country to the city during normal conditions. The costs of their education, the inheritance of farm property by city dwellers and collection of rent from a farm property by city dwellers make a heavy drain on the land. This situation also makes it difficult for young people remaining in the country to acquire a foothold as farm operators and eventually to become owners of farm property.

One way of meeting the situation is by means of father-son partnerships on the farm, according to Case. He offered four specific suggestions, each based upon a well-kept system of records regarding kinds of father-son arrangements which may be made to facilitate the young man getting a start on the farm:

(1) Where the father owns all the land, equipment and livestock, and the son supplies only his labor. The common arrangement is to guarantee the son hired-man wages, but if a given share of the farm income agreed upon by the father and son exceeds the amount of wages, then he receives an additional amount at the end of the year.

(2) Where the father is a tenant and the son contributes only labor. The plan is similar to the first one in so far as the son is guaranteed a going wage, but he receives a correspondingly larger share of the income received by the father because his labor will amount to a larger proportion of the contribution to the farming operation than it would if he also owned the farm.

(3) Where the father and son operate a farm jointly. If the son lacks capital, he can give his father a promissory note and pay interest on his share of the investment of the operating capital, which would put him in the status of a tenant with his father. Under this plan, the father would receive the land-lord share of the income from the farm, but in addition the father and son as equal tenants would divide any additional earnings between them.

(4) Where the father is ready to retire. In this instance, the son as tenant may take over the ownership of the operating capital, even though he lacks the capital to purchase it outright. He may give his father a note and pay interest on the investment or the operating capital and become a full operating tenant of the farm. Or it may be desirable for the father to retire while still owning the operating capital. Under this scheme, the son may accept a smaller share of the income from the farm in order to give his father adequate pay for his investment in both the farm and the operating equipment.

**Cut worms likely if garden was weedy last fall**

Gardeners may have to protect cabbage and tomato plants and other transplanted crops against cut worms this spring, especially if the garden was rather weedy late last fall, according to H. B. Petty, extension entomologist, Illinois State Natural History Survey and University of Illinois College of Agriculture.

"The simplest control, if only a few dozen plants are involved, is to place paper collars around the plants as you set them," Petty said. "Just take a strip of paper about two inches wide and make a cylinder of it, place it around the plant and set it in the ground so that the paper collar is half below and half above the ground level. Be sure the soil is packed around the plant."

For larger areas Petty suggests a bran bait composed of one ounce Paris green, one pound coarse bran and 3/4 cup lubricating oil (SAE 20). That amount will treat 1,000 sq. ft. of garden. It should be broadcast in late afternoon. A leaflet on insecticides is available free from the University of Illinois College of Agriculture.

Household furniture, including rockers, chairs, pots and pans. Large assortment of small tools, etc.

Ortmann Lunch Wagon. Terms: \$25 and under cash. Over that amount if preferred 1/4 cash, balance add 3 per cent, divide 6 monthly payments. Nothing removed until settled for.

Water Compost

To assist the rotting of a compost heap, water it enough to keep it damp clear through and add to each layer of plant waste fresh animal and poultry manures, or a few handfuls of a complete fertilizer high in nitrogen, cottonseed meal, or similar nitrogen-containing plant food. The soil in the compost heap absorbs the products of the decayed vegetable matter, prevents loss, and makes the compost convenient to handle.

**More soybeans****needed for oil protein in 1945**

We need more fats and oils for 1945 than for this present year. They are needed for the making of explosives and other military supplies. They are also needed to supply food, and this demand will continue even after the war in Europe is over, according to H. C. M. Case, head of the department of agricultural economics, University of Illinois College of Agriculture.

There is still time for many farmers to change their plans and increase the acreage of soybeans. It is well to recognize that soybeans are a more profitable crop, acre per acre with oats over a period of years. Likewise, an acre of soybeans will produce three times the digestible protein per acre than can be secured from an acre of oats.

One of the best things farmers can do now to increase the production of soybeans is to make use of sorghum, sudan grass, or other forage crops that increase the production per acre, as this will make more land available for the growing of soybeans. Many farmers are still in a position to make such adjustment, Case said. The intentions of farmers in planting crops indicate that we are falling far short of the goal set for the production of soybeans. In Illinois, farmers are asked to increase their acreage by 1/6 over that planted in 1943. The indications are that they are not meeting the goal. In fact they will not grow more acres than in 1943 unless plans are changed.

There is an adequate supply of oil crops for use in 1944. With the largest slaughter of hogs in history, and the large crop of soybean, peanuts, and flax harvested in 1943, we have provided the largest amount of edible fats and oils ever produced in this country. It is the 1945 supply that we have to worry about. The crops that farmers plant and harvest this year will determine in large measure the oil supply available to be used in the year 1945. We have turned the corner in the production of hogs, and the decline in numbers and the lack of feed supplies will mean that hogs will not be fed to such heavy weights this coming year. This will reduce our supply of animal fats. This loss in animal fat, should be made up in the production of oil-bearing crops. Fat and oil production is a critical war material for 1945. We have continually been short of protein feed, and soybean meal is needed to balance corn and other grain crops fed to livestock.

Although it is too late for most Illinois farmers to reduce oats acreage, Case noted that the return from an acre of soybeans is higher than the return from oats, and especially with the support price of soybeans advanced to \$2.04 a bushel. With oats valued at 79 cents a bushel and soybeans at \$2.04 a bushel, the return from an acre of soybeans should be 40 per cent higher than the return from an acre of oats with average Illinois yield.

**Milk powder output shows gain in 1944**

An increasing tendency for Illinois dairy farmers to sell fluid milk instead of separated cream is revealed in the purchase records of 10 cooperative member plants of the Illinois Producers Creameries for the first quarter of 1944. Total butterfat purchases in the first quarter are 18 per cent above the same period a year ago, but this increase is altogether in the form of fluid milk instead of separated cream, according to J. B. Countiss, IPC manager.

Much of the cream purchased in the form of fluid milk was sold as fluid cream instead of going into butter. The skim milk was made into milk powder, which showed an increase of 108 per cent for the first quarter above the same period a year ago. Butter production for the 10 IPC member plants remained at about the same level, showing an increase of only 2 of 1 per cent over the first quarter in 1943.

Farmers are more interested in selling fluid milk rather than separated cream, Countiss said, because it saves labor and because of the lack of good separator machines. The federal dairy feed subsidy also makes the fluid milk market more attractive than the cream market.

**Proper handling would help cut milk shortage**

Conserving milk already produced is an important factor in increasing milk production, R. V. Hussong, professor of dairy bacteriology, University of Illinois College of Agriculture, points out. He cites losses caused by carelessness, spilling cans or failing to empty cans completely and decreases in quality caused by inefficient practices as two phases of improper handling meriting attention.

"Improper handling of dairy products not only means financial loss to producers but in extreme cases means that much food of original high quality becomes unavailable to the consumer," he said.

Causes of loss of quality include lack of cleanliness in milking; improper cleaning of utensils and inadequate cooling.

Cooling of cream is very important, and frequent marketing, at least twice weekly, is necessary to insure a satisfactory product. Unless cream is cooled, it may deteriorate to poor or unsatisfactory quality before it leaves the farm, Hussong warned.

**Used containers must be good**

The attention of the Cook County War Board has been called to the fact that a number of container houses are requiring growers to buy second hand containers as they come at ceiling prices," states Farm Adviser C. A. Hughes. "This was taken up through Mr. Clayton of the chain store organization and Mr. Stolte, state supervisor of the War Food Administration and investigation was made and the facts were established that these mine run containers had a great many containers that were not usable. A definite case was cited where a lot of containers were bought at the ceiling price and only half of them were usable. This made the containers double the price they should have been.

"We have been promised that this situation will be corrected and that growers may expect to buy their containers at the ceiling price and have usable merchandise. A bushel basket with a top is 17 cents. We suggest that growers lay in their supply of containers and report if these lots are not usable and they are required to take them in order to get any containers at all."

**Superphosphate to be available at AAA office**

Anyone interested, may order Superphosphate from the AAA office. A carload has been ordered. The delivery date is not set, but you may expect delivery in about three months.

The phosphate could be used with your new seeding after the grain is off, if you wish. All phosphate furnished through the AAA must be used on hayland, pasture, or new seeding with grain as a nurse crop.

The first 1944 AAA Cooperator applying for the phosphate will receive the superphosphate when it comes in. Only 40 tons will be available. This will probably be the last carload available for the 1944 program year through the AAA office. The cost of 20 per cent superphosphate is \$23.60 per ton, the credit toward your farm allowance is \$21. No cash payment need be made, the cost is deducted from your 1944 AAA payment.

Anyone interested please call at the AAA office, Farm Bureau building, Arlington Heights, at your earliest convenience.

Milk Output Up  
Total milk output in the United States has increased almost 10 billion pounds since 1940.

## Write yours today!

Write With Uncle Sam, c-o this paper, Arlington Heights, Ill

## Australia

It's been a long time since interesting word came from Al Tudyman of Palatine, aside from, "I am fine; hope you are, too." He has

earned and received the rank of Captain and is being transferred to the Air Transport Command as navigator again.

Capt. Tudyman also informed the family it may be six months to a year before he will see home folks again. Everyone has been expecting to see him home this spring from previous reports from him. He's been "down under" for 21 months.

## New Zealand

Now in New Zealand is Elmer Schultz of Bensenville. "Enclosed is my renewal of my subscription to the Register. I enjoy it very much and wouldn't want to miss one issue."

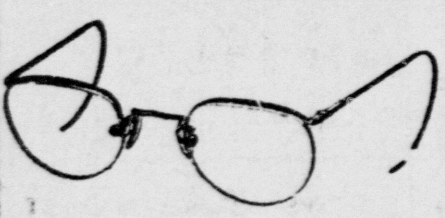

His address is Cpl. Elmer Schultz, 36620948, APO 709, c/o P.M., San Francisco, Cal.

## So. Pacific

Home on leave is Kurt Schmuckal of Arlington Heights. Kurt is a "pre-war" sailor, having entered Uncle Sam's service April 14, 1936. He just last week rounded out eight years of service.

Ens. Schmuckal was stationed on the USS Pennsylvania prior to Pearl Harbor but has been transferred since. All he could say about his type of ship was "at tached to aircraft." His latest trip just completed included the Ellice Islands, Gilberts, Marshalls, Samoa and Espiritu island. He has been in the Pacific 32 months.

Kurt is scheduled to report back to duty about the middle of May.

From the South Pacific come word of G. D. Boobyer of Palatine. "Staid out here in the South Pacific and getting the Enterprise regularly. I see the folks are pretty busy at home. Wish we were there, but life is pretty dead here at the present time."

His address is Pfc. G. D. Boobyer, USMC, c/o PPO, San Francisco, Cal.

## Chicago

Sgt. Robert Heinze of Wheeling will leave Chicago within the next few weeks for destination unknown. He is to take up training as pilot in the Marine Air Corps and receive a commission upon graduation.

Bob graduated from the Arlington High School in 1941. He attended college for a year and is listed in the Marine Corps in the early part of 1943. Upon entering he was placed in a combat company and stationed in San Diego, Calif.

At present he is an instrument specialist working with the automatic pilot.

## Washington D. C.

Home for a short stay from Washington, D. C., was Stan Wilkins, the "Walter Winchell" from Arlington Heights. WUS knows Stan for his vivid report on life in Capitol Hill. He returned to duty Saturday.

## So. Carolina

Home on furlough from Camp Jackson, South Carolina, is Richard Best of Arlington Heights. Lt. Best arrived home Saturday to his parents, Dr. and Mrs. Best, until April 23 when he returns to duty.

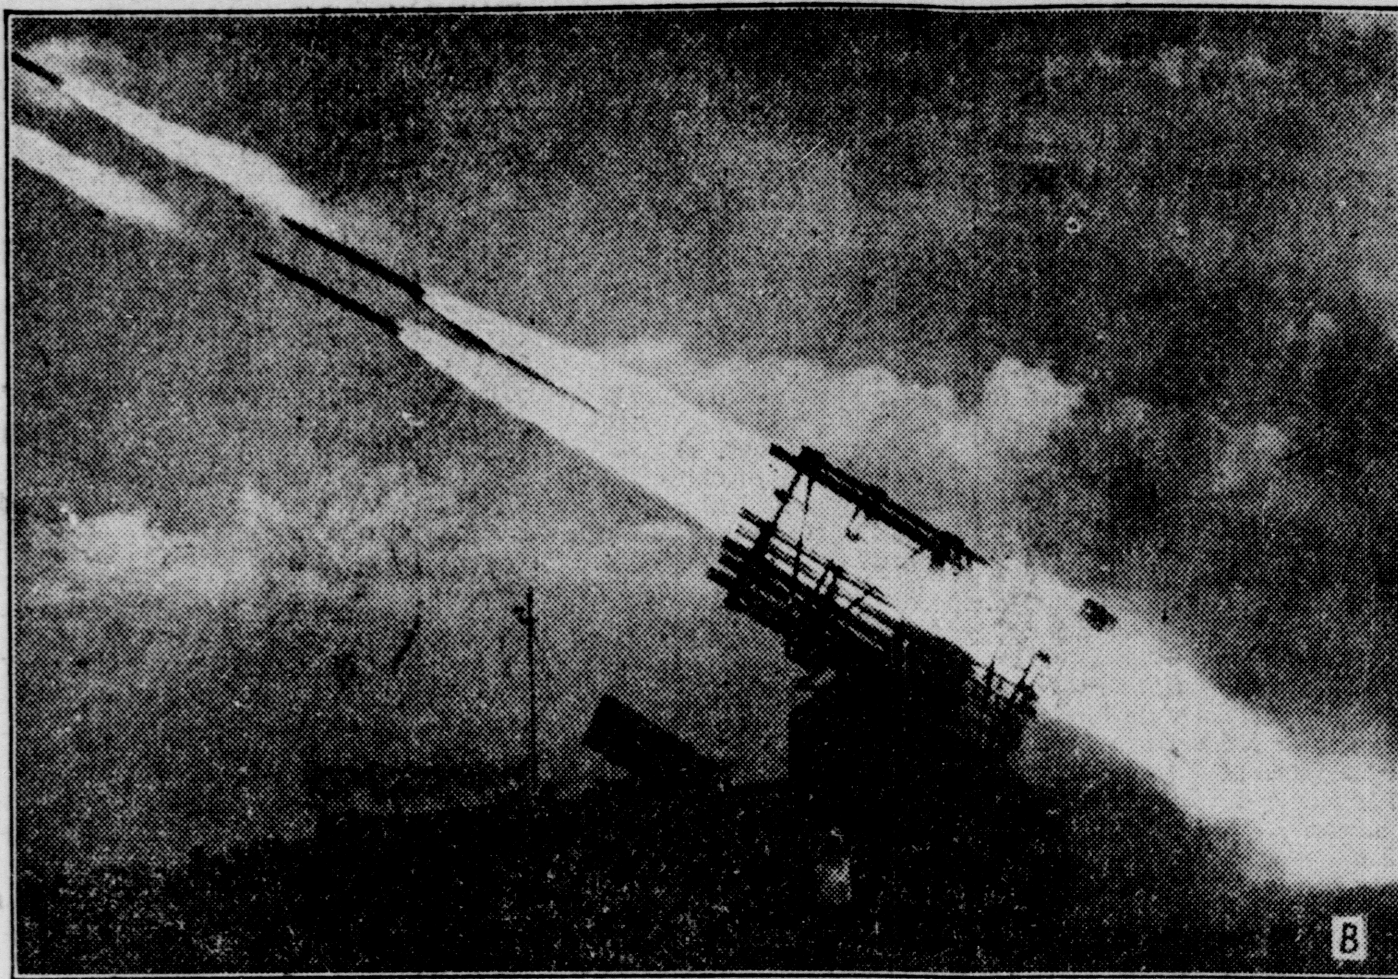

## Illinois

Home on furlough from Camp Ellis, Illinois, is Clarence McElhos of Arlington Heights. He is spending his furlough with his parents, Mr. and Mrs. Fred McElhos, 407 N. State road. Pvt. McElhos is stationed near Peoria with an engineer's battalion.

## Boneless Meat

Some packers plan to bone-cut and cut meat in their own plants after the war. Besides saving shipping costs, bones kept at the packing plant can be made into feed, gelatin, bouillon and so on. Poultry, too, will be eviscerated, inspected, washed under high pressure, frozen and wrapped in a moisture-proof, transparent wrapper ready for your pan or oven. You'll be able to buy a package of breasts, livers or whatever cuts you want, besides a whole chicken.

## New Rocket Gun in Action

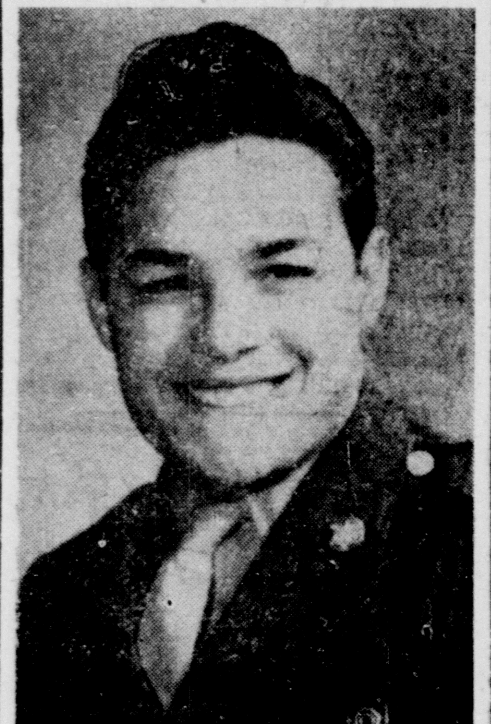

FOUR ROCKETS HAVE JUST BEEN FIRED from this new British gun which has been secretly developed and only now made public. It has been in action with good results against Nazi planes in their recent raids on English cities. Note the tremendous "backwash" of flame made by the rockets, which are fired electrically and climb into the sky with a great rushing noise.

## New Jersey

John Zabbia of Arlington Heights returned to Fort Dix, New Jersey, Wednesday after a ten day furlough. He is the son of Mr. and Mrs. Leo Zabbia.

John has been in the army nine months. His brief itinerary is Camp Grant, Rockford, West Virginia camp, and then Fort Dix, Sunday, April 2, John was guest

for dinner at the Frank Sibol home in Palatine. He also spent three days in Michigan visiting relatives, among them his grandmother who lives in Riverside, and aunt and uncle in Coloma.

John's address is Pvt. John Zabbia, 561 Quartermaster, RHD Co., Fort Dix, New Jersey.

## Scott Field

From Scott Field, Ill., comes word of another DuPage county serviceman, James Callow.

"I have been receiving the Register every week and find the page with the men in the service very interesting and it is a good way of keeping in contact with the rest of the fellows. I am sorry to see that there aren't very many of the boys from Bensenville and Itasca mentioned in it. But I still enjoy getting it every week."

His address is Pfc. James J. Callow, 13 TSS, Bks. 806, Scott Field, Ill.

## Mississippi

The Army Air Forces Training Command announced today the graduation of Pvt. Philip L. Pittman of Roselle from the B-24 Liberator bomber mechanics school at Keesler Field, Miss.

Pvt. Pittman, son of Mr. and Mrs. George Pittman, has just completed a course of approximately 17 weeks of training in all phases of servicing the heavy bomber, its fuel, electrical and hydraulic systems, instruments, engine operation and inspection.

In the last phase of school, the student spent eight days at "Fort Liberator," graduation field test area, where he alternately worked on aircraft and took up battle positions against mock attack. There he learned to put into operation under difficult conditions what he had learned in the earlier phases.

The graduates now will go to active duty on the line, to factory schools for more advanced training in aircraft maintenance, or to one of the training command flexible gunnery schools to learn to be aerial gunners.

## Aleutians

Home on furlough from the Aleutians is Robert Burns of Arlington Heights. Bob is in the Seabees and has been stationed in the Aleutians for 16 months. He is the son of Mr. and Mrs. Robert Burns of Huntz road.

Bob is scheduled to report to Camp Parks, California, for further duty April 30.

## LOK

LOK is all we can say about George Bender of Cloverdale. He is presumed to be stationed aboard ship somewhere in the Atlantic.

"Have been receiving the 'Roselle Register' for about five months and appreciate and enjoy it very much.

"Say hello to all my friends around Cloverdale. I sure wish I could be there now to see them."

His address is George Mark Bender, MoMM2/c, % PPO, New York

Not only do I get the hometown news from it, but also news of other service men in 'With Uncle Sam.'

The hometown news of Cloverdale is very interesting, and I get a kick out of reading the news of

Bloomington and Roselle. "There isn't much that I can say, being at sea for quite some time. I've been away from the states for too long—it seems—and I can't understand how some of the boys can get away with what they write in 'With Uncle Sam.' Hope this job is done soon so we can all get back home again."

"Say hello to all my friends around Cloverdale. I sure wish I could be there now to see them."

His address is George Mark Bender, MoMM2/c, % PPO, New York

Now out of the country is Wilbert Wiese of Arlington Heights. Prior to embarkation he was stationed at Fort Dix, N. J. His present address is Cpl. Wilbert W. Wiese, 36677486, APO 9949, c/o P.M., New York, N. Y.

# '29 money in circulation quadrupled

## Amount of cash increases from \$39 to \$60 per capita in 15 years

Until the year 1929, when \$50,000 fur coats and \$50,000 a year apartments on Park avenue skidded to the bottom, we as a people carried on most of our ordinary business by means of checks rather than cash. It is estimated that at that time, about 90% of all transactions were by check and that money in circulation amounted to only \$39 for every man, woman and child in the land.

When the market crashed and people became uneasy, there was a marked tendency toward cash. In due time came governmental relief programs which further increased the currency in circulation. Banks found it necessary because of diminished loans and slender profits to place a service charge on bank

accounts and checks which caused people to close their accounts and go on a currency basis. Rumblings of conflict in Europe caused a lot of timid money to flow toward the United States and our cash in circulation was further increased.

Then came the first expenditures under the war program in 1940 which further increased the cash so that by that year, money in circulation had increased to 8 billion dollars or about \$60 for every man, woman and child.

War produced a great expansion in jobs and payrolls went up. The incomes of many people who were heretofore in the low income bracket increased and with it came an increase in money in circulation. It now stands at about 20 billion which is roughly \$150 for every man, woman and child. So today, the amount of money in circulation is about four times greater than in the boom business year of 1929 and about three times greater than when war began in 1939.

### New factors

Have you ever thought of Black Market operations in terms of its effect on cash in circulation? Black market operations are conducted on an arms-length basis by means of crisp green money. Black market operators don't want any unpleasant kick-backs as a result of checks in a transaction which is illegal. That requires more money.

High taxes have caused people to save up for that tax deadline day and that takes money out of active circulation and means that more money must be provided. Fear about the future and the desire to have some ready cash on tap has caused a lot of currency to be salted away in deposit boxes.

This is evident from the fact that since the war began, the number of \$100 bills has increased from 8 million to 27 million while the number of \$1,000 bills has jumped from 300,000 to 700,000. Even the amount of those allegedly unlucky \$2 bills has jumped from 34 million dollars in 1939 to 68 million dollars in November of 1943.

Already there is some agitation for congressional attention to this question of increasing circulating medium and if the amount should increase substantially above present levels, there is a likelihood that it will have consideration.

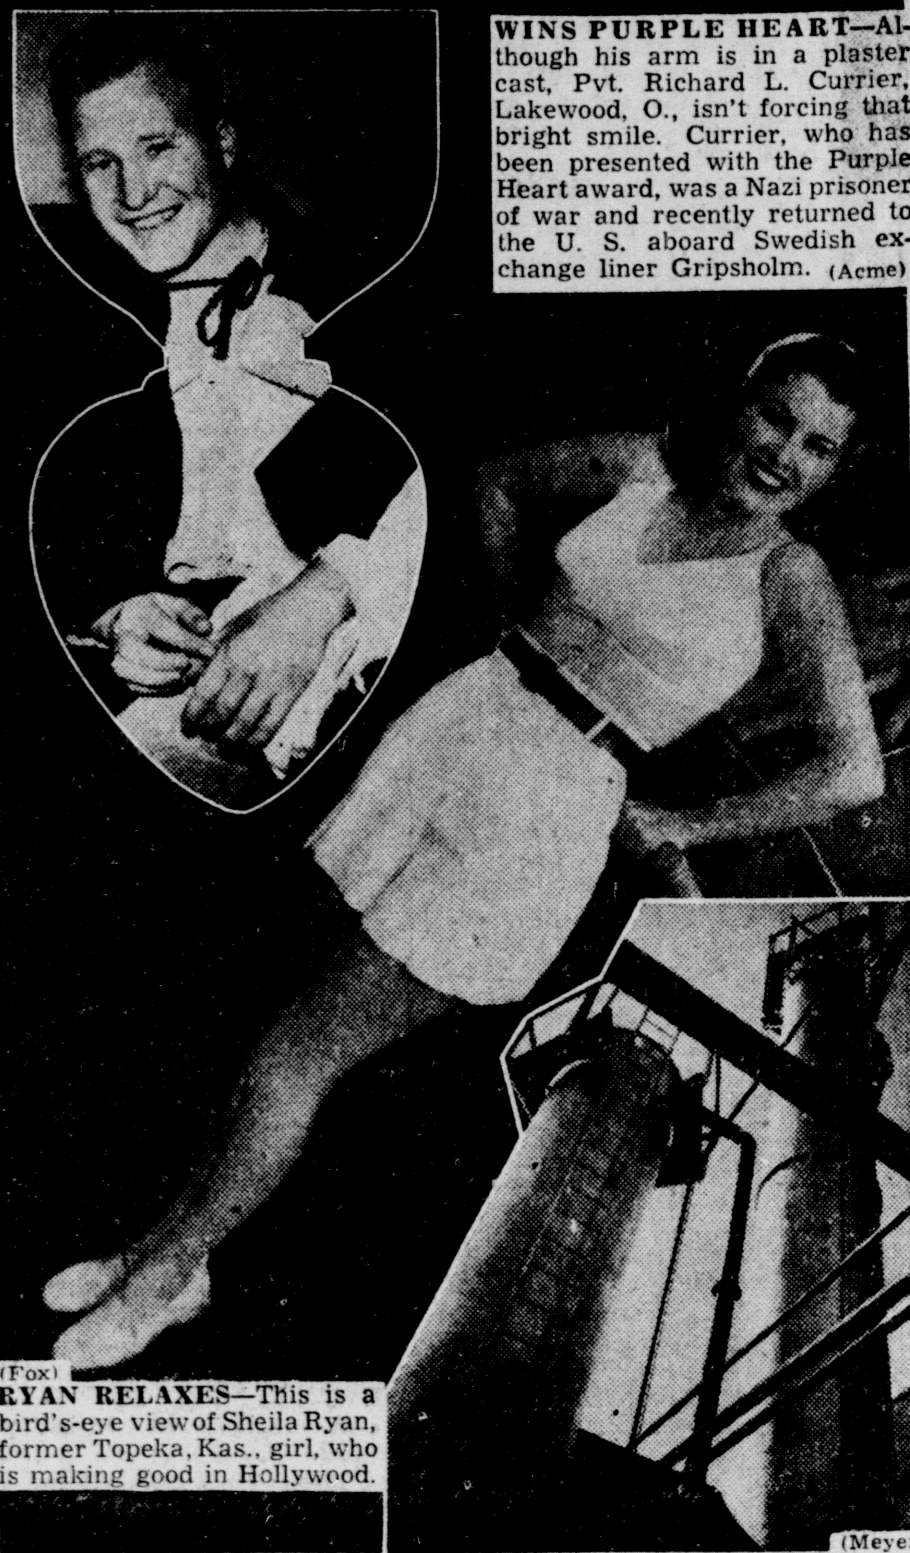

### Manpower

Although the United States Army has reached its planned peak strength of 7,700,000 persons, it will need 75,000 to 100,000 men monthly to maintain that strength, according to the War Department, and the Navy Department said it would need 400,000 additional personnel by September 1 to get the Navy, Marine Corps and Coast Guard up to peak strength of 3,500,000. Meanwhile, the National Selective Service System has abandoned the War Unit Plan for determining agricultural deferments. Provisions concerning a registrant's agricultural occupation or endeavor that will govern are whether he is necessary, whether he is regularly engaged in it, whether that occupation or endeavor is necessary to the war effort and whether a replacement can be obtained.

### Garden gas

Full-time paid employees of farm organizations operating to increase food production are eligible for preferred mileage under gasoline rationing, the OPA announced. Their organization must be chartered by the United States, or by a State, and have a membership of at least 100 persons, the majority of whom are farmers. Also, qualified victory gardeners again will be granted special gasoline rations for up to 300 miles of travel to and from their plots this summer.

## Central States News Views

RYAN RELAXES—This is a bird's-eye view of Sheila Ryan, former Topeka, Kas., girl, who is making good in Hollywood.

WAR WEAPONS—Resembling huge gun barrels, these "packed columns" in a Midwest town of Schenley Distillers Corporation serve vitally in speeding production of high-proof alcohol urgently required for war purposes. With all its distilling facilities devoted to war production, company has produced more than 62,500,000 gallons of industrial alcohol—enough to process butadiene required to make 15,000,000 synthetic tires.

### Wet roads

Military roads and airports have been rendered usable by our armed forces on various fronts by application to the surface of a new, patented resin compound, called Stabitol, which "waterproofs soil" so that during rainy weather vehicles will not become bogged down in mud. This new product of the laboratory of Hercules Powder company is also being sprinkled this spring on dirt roads in several states. On a road so treated surface water will drain off or evaporate rather than seep through. A truck can move over it during or after a rainstorm without churning up mud or forming ruts.

In addition to promising greater mobility to everyone living in rural areas where dirt roads are common, the product is said to have other interesting possibilities. Treated clay tennis courts, for example, will not only be weedless but playable immediately after a rain has stopped.

### Cotton

The total combined production of cotton broad woven goods in the United States, the United Kingdom, Canada and India for the first half of 1944 is estimated at 9,700,000,000 square yards.

Limit Greeting Cards  
Limitation of the variety and tonnage of greeting cards is expected to save 23,600 tons of paper this year.

### Gas dopes

Shortage of gasoline, says the Department of Commerce, has led motorists to use fuel "dopes," patented to increase mileage and otherwise improve the automobile operation. The Bureau of Standards has tested hundreds of them without finding beneficial results in any case.

### Ships

Maritime Commission shipyards delivered 410 ships of 4,115,951 dead-weight tons during the first quarter of 1944, the commission announced. Liberty ships continued to dominate production, but there was a growing tonnage of military and other fast type vessels, including the new victory ship. In March 152 merchant ships were built.

### Subsidies

Canada is continuing subsidies for canning crops this year. Tomatoes, for example, bring a \$6-per-ton net subsidy to the growers. This is a \$3 increase over 1943. Corn brings \$4, peas \$10 shelled weight or \$2 straw weight, and green and wax beans, \$7.50 per ton.

### Penicillin

Two young scientists in India have succeeded in achieving the maximum growth of penicillin in three days, as compared to the 12 days that are needed for penicillin mold to grow fully in America and England.

### Clocks

The War Food Administration says the public should consume more eggs, at least through mid-May, to take care of an anticipated record production amounting to at least 350 eggs for each civilian during 1944. About 70 per cent of the 1944-45 supply of dehydrated vegetables will be allocated to U. S. war uses, 23 per cent to Great Britain and Russia, 5 per cent to U. S. civilians, 1 per cent to liberated areas and 1 per cent for other exports.

WPB says that a "farm" is a property used primarily for the raising of crops, livestock, dairy products, poultry, etc., for market, and on such property \$1,000 or less may be spent for construction, including the farm house, without approval.

Some electric alarm clocks and 1,200,000 war alarm clocks (many for military needs) will be produced and distributed during the second quarter of 1944. A cut of 10 per cent in civilian leather for shoe repairs and 13 per cent for new shoes has been made for 1944. Production of cutlery made of stainless steel has been permitted and products should be available at retail counters in three to four months.

OPA says that consumers buying meat directly from farmers may continue to use the Red stamps, A8 through M8, plus the next 18 stamps in book four. The over-all 1944 retail prices of early onions will be somewhat above those of 1943, but below the current "going" prices. The retail ceiling price for book matches with non-commercial designs on the cover is 14 cents per box of 50 at independent stores, and 13 cents, or 2 boxes for 25 cents at chain stores and super-markets.

The War Shipping Administration says arrangements are being made to enable America's 125,000 merchant seamen to vote in war-time elections. Manufacturers have been granted licenses to produce authorized service flags and lapel buttons which soon will be on sale to accredited families of American merchant marine officers and men.

### Synthetic tires

A promising milestone has just been reached on the way to America's goal of producing tires of synthetic rubber which will stand up as well as natural rubber on trucks. In the laboratories of the B. F. Goodrich company an improved general purpose synthetic rubber is undergoing extensive tests in tires, which show reduction in tread cracking and increased resistance to road wear. These are qualities in which other synthetic rubbers have shown deficiencies.

Though the development is still pretty much a military secret, one may report it involves use of a "certain abundant natural material" that imparts greater tackiness, or adhesive properties, to synthetic rubber during processing. John L. Collyer, the company's president, in discussing this latest advance, is careful to point out that use of the new material cannot be a factor in relieving the tight situation in heavy-duty tires during the next few months. Nevertheless, it bears out the forecast of the famous Baruch report when it commented that "it is quite possible, even likely, that before much of the synthetic rubber now planned is produced, better processes will have proved themselves."

### Horses

Demand for plywood products, especially fir plywood, will greatly exceed the supply for years to come, says Lawrence Ottinger, president of United States Plywood company. Supply of horses on farms dropped during 1943 for the 29th consecutive year to 9,330,000 compared with 21,431,000 at the beginning of 1915, says Alexander Hamilton Institute study; mule population is down for the 19th consecutive year to 3,559,000 from 5,918,000 in 1925.

## FOR ANY AGE

Photo courtesy New York Dress Institute

Summer evening dresses in Junior Miss sizes are designed, with few exceptions, in styles as becoming to the small woman as to the young girl. One of the most charming and wearable Junior models is the dress pictured, with a bodice of Everfast's rose-printed longcloth, yoked in back as well as in front with white marquisette to match the bouffant skirt. Checked gingham with sequined straps, floral-printed pique, all-over cotton eyelet, and rayon jersey are fabrics used by New York designers for full length party and dance dresses in Junior sizes. The young matron will like such sophisticated jerseys as a dress in white, draped over the bodice and trimmed on the sash down the one side of the skirt with bands of colored jersey.

### Vegetables

Increased supplies of tomatoes are being welcomed by Chicago homemakers as a delightful addition to the vegetables available the past few months, according to Joe Tonkin, Federal Food Reporter for the War Food Administration. Tomato supplies are now heavy, compared with light supplies a few weeks back. A wide range in prices exists, depending on the quality. For average budgets, cabbage, carrots and beets are excellent items to top the marketing list. Green peas are a popular spring vegetable and are currently priced for occasional use by homemakers. From the standpoint of supply and price, head lettuce still is without much competition from other salad vegetables. Potatoes, of course, remain among the most abundant items in all fresh food stores, with northern grown Bliss Triumphs priced below most other varieties. Increased quantities of dry onions are arriving from Texas and price ceilings will make these onions more attractive buys than they have been under the recent period of scarcity. Among the more luxurious vegetables offered at most markets are broccoli and cauliflower, but these two items are also in the upper price brackets.

Oranges and grapefruit still rate top place among the available fruits, especially the smaller size oranges and whitehead grapefruit. Strawberries are being offered at the larger markets, but prices of this delicacy are rather high.

U-Boat Effective  
In the first 22 months of this war Britain alone lost about 7 1/2 million deadweight tons, a monthly destruction of about 1 1/2 per cent of her original shipping.

## 'Abie's Irish Rose' at Studebaker

Anne Nichols' fabulous "Abie's Irish Rose," now playing at the Studebaker Theatre, Chicago, with matinees Saturday and Sunday, has enjoyed extended runs wherever presented since its revival last May, reminiscent of the days when the freak comedy played for six full weeks such a doubtful one-night stand as Erie, Pa., and turned innumerable Squash Centres and Mudvilles into places of metropolitan runs.

Sex and smut are conspicuous by their absence and no villain stirs antagonism in this play. The Hebrew and the Hibernian are as it were, friendly enemies, fencing with rapier that have been dipped in good humor instead of vitriol. The tolerant spirit it emphasizes, while in no sense a peachment, strikes the popular fancy today as it did way back in the early twenties and romance and comedy are deftly blended in unfolding the story of Abie and his Celtic bride. With such a combination the field of laughter is unlimited, though at times pathos has its turn.

Sophisticates of the theatre regard it as a phenomenon and a freak, some even going so far as to deplore it as unreal, unseemly and utterly lacking in good taste, but they seem unable to advance a reason why, almost twenty years after it shattered all records and precedents, it should remain in prosperity on the air-waves, where it claims an audience of over twenty million listeners and now again thrives mightily on the stages of key cities.

Possibly the arty critics and for that matter Anne Nichols herself, know how well she had catered to the public taste, or that she was to prove the greatest theatrical cook that ever entered the dramatic kitchen, for out of the ice-box of surefire ingredients she has served up the most popular hash ever set before King Public.

### Vets' jobs

For men discharged from any of the United States Armed Services, a summary of job opportunities in 114 major industrial centers will be placed in nearly every local U. S. Employment Service office, the War Manpower Commission announces. These job summaries give information on types of jobs, scheduled hours of work, hourly wage rates, availability of housing, cost of living, and the adequacy of community facilities such as schools, hospitals, and transportation. The summary will be revised bi-monthly and will indicate the expected labor demand six months in advance.

### Furnaces

THINGS TO COME—Gasoline-burning furnaces weighing only 21 pounds, having enough heat capacity for a 20-room house... Luminescent plastic doorknobs, light switches, lock plates, etc., which absorb enough light in the day-time, or in a lighted room, to glow for several hours in the dark... "Magic quilts," developed by the Army Air Forces and presently being used by combat flyers, which weigh less than three pounds and can be used as a sleeping bag, a life preserver, a pup tent, hammock, coat or poncho.

# Dinah Shore, not vote bill, in soldiers' minds

Received this week is a letter from J. R. Dahlstrom, brother of Mrs. Ruth Hertel of Arlington Heights.

"I have engaged a guest author for tonight's communique from England who will give you some of the details of the English rationing system and a few home town opinions of the 'Yanks'. I thought it would be better to receive this information from a follower of the King than from myself, as it would be more reliable and more explanatory. The gangsters he mentions is due to the fact that all these people believe that anybody who hails from or around Chicago is a gangster or an ex-con. Too many movies.

"I'm still receiving a few pieces of gum and a paper now and then; also just one issue of the Reader's Digest has come in. Could you possibly obtain a good Gillette or Gillette double edge razor and maybe a few blades (double edge) for me. I am using these plastic razors now and they are very delicate and as we only get two razor blades a week I am continually running short on shaves.

'Sweats out a chow line'

"You needn't worry about my safety as long as I remain in this Headquarters outfit. Nothing but a clerk in one of the offices here right now and as yet I haven't spilled any blood except maybe while 'sweating out a chow line.' Talking about chow lines, they evicted us from our old mess hall and consequently we had to find another. It ended up all for the better in as much as our new mess doctors are a bit of alright. . . . Pie a la mode the other day and it wasn't Christmas or Thanksgiving. It was the first time I had that delicacy since I ate the Thompson's Restaurant Thursday afternoon Blue plate special about two years ago. Good chow, as the G. . . say.

"These 'Limies' have not lost their sense of humor over this war. The other night while I was enjoying a movie in one of the local theatres, the air raid siren BLOOO. They informed the audience of the danger with this flash on the screen, 'WELL, THAT MAN IS HERE AGAIN; REMAIN OR LEAVE AS YOU DESIRE.'

Dina Shore vs symphonic hour

"They have remodeled the Radio Broadcasting Programs here and

I've got a job to do!

I'M YOUR Service Representative at the telephone Business Office. And, somehow, the longer I'm here the more I realize what interesting and important work this is!

Our "basic training" course covers practically all the questions and problems that may come along in the day's work. But there's always something new—especially now with all the quick changes and unusual needs of wartime telephone service.

I talk with lots of interesting people on the telephone and at this desk and try to help everybody get all the service there is.

Yes, I've got a job to do. And it's one that deserves my best.

Your Service Representative

MOVING? . . . Then talk over the telephone situation well in advance with your Service Representative.

## California

From Camp Roberts, California, comes word of Robert Luckner of Mt. Prospect.

"I was with ASTP attending Loyola University of Los Angeles when they closed the program. Our entire unit from Loyola was sent up here to the 89th Light Division. I am in the Signal Platoon. Tomorrow we start a problem which is supposed to last 21 days. We just arrived up here yesterday and the 89th is on a break. As soon as these maneuvers are over the fellows are hoping to get into garrison.

"This division has been in the field since last November. They had maneuvers in Louisiana and then they came to California for maneuvers. These maneuvers should be over at the end of this problem. From here no one knows where we will go.

"I have been receiving the Herald regularly each week and the first thing I read is 'With Uncle Sam.' I like to know where my former classmates and friends are and what they are doing. Quite a while ago when Gail Peterson was stationed at Santa Ana I ran into him in Hollywood. Since entering the service last May he has been the only fellow I have seen out here from around Arlington Heights or Mt. Prospect.

"It is getting near the time for chow so I shall close for now. I had to spend most of this afternoon waiting to receive my pay.

We don't need any money out here as we are miles and miles away from everything. It took us over a half hour by truck to get to this location from the main road."

His address is Pvt. Robert Luckner, 89th Sig. Plat., 89th Light Div., APO 89 Hunter-Liggett, Camp Roberts, Calif.

Corp. James Upadel of Wheeling has recently been released from the Marine Hospital at San Diego.

Corp. Upadel has been a victim of tropical diseases since the campaign of Guadalcanal in which he participated. Although not hospitalized continuously, recurrences of them have prevented his return to active service and Jim has been very disappointed.

Home on furlough from Santa Barbara, Calif., is Clarence Niemeyer of Arlington Heights.

Clarence is in the ground crew of a Marine fighter squadron, and is enjoying his first furlough in 13 months. His address is Pfc. Clarence Niemeyer, USMC, VMF 112, MBDAG 42, MCAS, Goleta, Calif.

## Home on furlough

Each week the Arlington Heights ration board releases a list of servicemen home on furlough. Most of these men are mentioned in stories elsewhere in With Uncle Sam. Others at home include the following:

Pvt. Elmer J. Meyer, scheduled to return to camp April 16.  
Pfc. George Horcher, April 16.  
Sgt. Maurice Sheahan, April 18.  
Pvt. Vernon Wallner, April 17.  
S2/c Henry Krause, April 26.  
Pvt. Eugene Wheeler, April 19.  
MM3/c Edwin Schroeder, April 21.  
SF2/c Arthur Isaacson, April 30.

## Bank nets \$101

Traveling bank at Arlington Heights last week netted Fred Kehe of Arlington Heights \$101, bringing the bank total to \$2256. This week Robert Dieball is the driver of the traveling paycar.

## Deep In Jap Territory

Photo by Pfc. F. A. Cannistraci, Marine Corps Combat Photographer

This Leatherneck machine-gun team, deep in water and Japanese territory, took a heavy toll of Jap lives while repelling repeated attacks by the enemy on Bougainville. Fighting at this spot lasted two days and two nights.

## With Uncle Sam

### L. O. K.

Now on his way overseas is Donald Barfknecht, nephew of Mr. and Mrs. Arnold Allord, Prospect Heights. Prior to his embarkation, he was stationed at Camp Pendleton, Oceanside, Cal. Don's outfit was chosen to portray marine

scenes in the movie "Guadalcanal Diary", and in June of last year he spent ten days aboard a transport ship while these scenes were being made.

His new address is Pvt. Donald E. Barfknecht, USMC, 50th Replacement Bn., 5th Marine Amphibious Corps, c/o Ft. P. O., San Francisco, Cal.

## Oregon

Home on furlough from Camp Adair, Oregon, was Harold Nebel of Arlington Heights.

Harold has been stationed at Camp Roberts, Cal., and at Montana State college, Bozeman, Mont., as a part of the ASTP. When the latter was disbanded, however, Harold was transferred to Camp Adair as an infantryman. His future plans are not definite.

His address is Pvt. Harold Nebel, Co. E, 276 Inf., APO 461, Camp Adair, Ore.

Home on furlough from Camp Abbot, Oregon, was Edwin Niemeyer of Arlington Heights. Pvt. Niemeyer was scheduled to report back to camp this Wednesday.

## Oahu

It was a time for real celebration when three neighbors in Wheeling got together on Oahu Island recently. Corp. Clarence Moeller, the last of the boys to reach Hawaii, invited Corp. William Hugo who is stationed about 25 miles from Clarence to visit him.

When Bill arrived they looked up S/Sgt. Robert Hartmann who was located only three blocks away. The boys' homes in Wheeling are within a half-block on Milwaukee avenue.

### England

Floyd Bauman of Arlington Heights writes this week from England.

"It's about time I've been moving a few lines but I've been moving, twice to be exact, since I last wrote and it gets my correspondence all balled up. My address has changed again and will probably change again before long. My being in the organization is a mistake and I should be transferred before long. Sometimes this army beats the heck out of me. I'm willing to do almost anything as my share in ending this so we can come home. Time does pass quickly. I've been here six months and it seems like no time at all. I like it that way, each succeeding day brings me closer to home.

"I visited London recently and it was certainly worth the trip. Several of my buddies went along and we had a fine time. Stayed at a good hotel and the brief taste of luxury was well appreciated to say the least. I saw most everything I have ever read or heard about: Westminster Abbey, House of Parliament, Big Ben, Buckingham Palace, St. Paul's Cathedral, Piccadilly Circus and dozens of others. Also saw several stage plays and the movie version of 'This Is the Army.' Of particular interest were the blitzed areas. After seeing those I can imagine what the other side is getting now. I've nothing but admiration for the people of London after they went through what they did."

His address is 1st Sgt. Floyd Bauman, 16038469, APO 558, c/o PM, New York, N. Y.

From England comes word of Clarence Hill of Arlington Heights. "Just a few lines to you on Easter. Things sure are dead around here. Most of the boys are off but every time there is a holiday I seem to be hooked on this driving deal.

"Hope this war is over soon, as I'm sick and tired of it. I also wish they would do something about this two years stuff they are always talking about. However, all I can do is hope to be home by Christmas.

His address is Sgt. Clarence Hill, 36317608, APO 634, c/o PM, New York, N. Y.

Received word this week from Austin Buncik of Arlington Heights, coast guardman now stationed in England.

Austin wrote that he met Tony Felker of Arlington recently, the first local man he has met since going across. He was standing in line at a Red Cross doughnut truck when someone slapped him on the back, and he found Tony.

Austin's address is A. B. Buncik, USCG, c/o FPO, New York, N. Y. Tony's address is Pvt. A. J. Felker, 16168333, APO 4, c/o PM, New York, N. Y.

## So. Dakota

Lt. H. D. Blocksom of Mt. Prospect was delayed one day in returning to his post because of illness. He left April 13 for Black Hills Ordnance Depot, Provo, S. D.

## Alabama

From Camp Rucker, Alabama, comes word of Hans Heuer of Palatine.

"I've again moved, this time farther south. I'm now in the deep south, only 100 miles or so from the gulf. As yet I don't know what's ahead of me but I got an idea though.

"Though I've done it before I again want to express my appreciation in being able to receive the home town paper every week. I've missed a couple of the last ones and I'm looking forward to the next one. Thanks a million."

My address is Pvt. Hans J. Heuer, ASN 36665373, AT Co., 262nd Inf., APO 454, Camp Rucker, Alabama.

## With Uncle Sam

### Kentucky

Returning to Camp Breckenridge, Kentucky, this week is Alex Stoppel of Arlington Heights. Cpl. Stoppel was home for a few days, and was scheduled to return to camp April 18. His address is Cpl. Alex Stoppel, Hq. 1140th Engr. (C) Gp, Camp Breckenridge, Ky.

Pvt. Martin Lemke of Wheeling had a short leave last week which enabled him to have just a few hours with his family on Sunday, April 16. He is stationed at Fort Knox, Kentucky.

### Glenview

Home from Glenview this week was Jim Millay of Arlington Heights. Jim came home to see several of his buddies who were also home for the week-end.
